Complainants state that the Commission has subject-matter jurisdiction over this complaint pursuant to Section 11(a) of the Shipping Act, 46 U.S.C. 41301(a) and personal jurisdiction over all Respondents based on their operations as a single enterprise and as alter egos of one another for the purpose of engaging in violations of the Shipping Act.

Complainant Restaurant Depot, LLC is a limited liability company organized under the laws of Delaware, with a principal place of business in Whitestone, New York.

Complainant RD America, LLC is a limited liability company organized under the laws of Delaware, with a principal place of business in Whitestone, New York.

Complainants identify respondent ABLS, Inc. as corporation organized under the laws of California, with a business address in Hayward, California. Complainants state that the Commission has jurisdiction over respondent ABLS as a common carrier, non-vessel-operating common carrier (NVOCC), and licensed ocean transportation intermediary (OTI).

Complainants identify respondent Rocky Solutions, LP as a limited partnership organized under the laws of California, with a principal place of business in San Francisco, California.

Complainants state that the Commission has jurisdiction over respondent Rocky Solutions, LP because it held itself out as providing ocean transportation for compensation, assumed responsibility for that transportation, and/or invoiced for ocean transportation-related charges.

Complainants identify respondent FP LP as a limited partnership organized under the laws of California, with a principal place of business in Newark, California.

Complainants identify respondent Danny Yuen as a natural person who currently resides in Brentwood, California. Complainants state that the Commission has jurisdiction over respondent Danny Yuen because he was the Qualifying Individual on respondent ABLS, Inc.'s NVOCC license.

Complainants allege these violations arose from Respondents incorrectly invoicing for demurrage and detention charges; requiring Complainants to pay charges to third-party carriers despite having already paid them to Respondents, upon a promise of reimbursement; charging rates not aligned with Respondents' published tariffs and for charging for services lacking a published tariff; placing holds on Complainants' cargo in order to coerce payment for unrelated charges; divulging Complainants' protected information to third-party vendors and customers; operating without applicable licenses while holding out as providing those services; and other acts and omissions of Respondents.

An answer to the complaint must be filed with the Commission within 25 days after the date of service.
