SUPPLEMENTARY INFORMATION:

Title: Egg, Chicken, and Turkey Surveys.

OMB Number: 0535-0004.

Expiration Date of Approval: October 31, 2012.

Type of Request: Intent to seek approval to revise and extend a currently approved information collection.

Abstract: The primary objective of the National Agricultural Statistics Service (NASS) is to prepare and issue State and national estimates of crop and livestock production, disposition, and prices. The Egg, Chicken, and Turkey

Surveys obtain basic poultry statistics from voluntary cooperators throughout the Nation. Statistics are published on placement of pullet chicks for hatchery supply flocks; hatching reports for broiler-type, egg-type, and turkey eggs; number of layers on hand; total table egg production; and production and value estimates for eggs, chickens, and turkeys. The frequency of the surveys being conducted include weekly, monthly and annually. This information is used by producers, processors, feed dealers, and others in the marketing and supply channels as a basis for production and marketing decisions. Government agencies use these estimates to evaluate poultry product supplies. The information is an important consideration in government purchases for the National School Lunch Program and in formulation of export-import policy. The current expiration date for this docket is October 31, 2012. NASS intends to request that the surveys be approved for another 3 years.

Authority: These data will be collected under the authority of 7 U.S.C. 2204(a). Individually identifiable data collected under this authority are governed by section 1770 of the Food Security Act of 1985, 7 U.S.C. 2276, which requires USDA to afford strict confidentiality to non-aggregated data provided by respondents. This notice is submitted in accordance with the Paperwork Reduction Act of 1995 (at 44 U.S.C. 3501, et seq.) and Office of Management and Budget regulations at 5 CFR part 1320.

Estimate of Burden: Public reporting burden for this collection of information is estimated between 8 and 15 minutes per respondent per survey.

Respondents: Farmers, ranchers, farm managers, and farm contractors.

Estimated Number of Respondents: 3,100.

Estimated Total Annual Burden on Respondents: 4,200 hours.

Copies of this information collection and related instructions can be obtained without charge from the NASS Clearance Officer, at (202) 690-2388 or at:

ombofficer@nass.usda.gov.

Comments: Comments are invited on: (a) whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on those who are to respond, through the use of appropriate automated, electronic, mechanical, technological or other forms of information technology collection methods. All responses to this notice will become a matter of public record and be summarized in the request for OMB approval.

Signed at Washington, D.C., March 21, 2012.

Joseph T. Reilly,
Associate Administrator.
