### Technical Corrections to Organizational Names, Addresses, and OMB Control Numbers

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Final rule.

**SUMMARY:** This document contains minor amendments to regulations under the Federal Insecticide, Fungicide (FIFRA), and Rodenticide Act, the Federal Food, Drug, and Cosmetic Act (FFDCA), and the Toxic Substances Control Act (TSCA). These amendments will make EPA's regulations more accurate and user friendly with regard to the name of the EPA office that administers these statutes and various Agency addresses.

**DATES:** This rule is effective *[insert date of publication in the Federal Register]*.

**ADDRESSES:** The docket for this action, identified by docket identification (ID) number EPA-HQ-OPPT-2010-0629, is available at <http://www.regulations.gov> or at the Office of Pollution Prevention and Toxics Docket (OPPT Docket), Environmental Protection Agency Docket Center (EPA/DC), EPA West Bldg., Rm. 3334, 1301 Constitution Ave., NW., Washington, DC. The Public Reading Room is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. **SUPPLEMENTARY INFORMATION:**

**I. Does this Action Apply to Me?**

This action is directed to the public in general. Since this action may apply to anyone, the Agency has not attempted to describe all the specific entities that may be affected by this action. If you have any questions regarding the applicability of this action to a particular entity, consult the person listed under **FOR FURTHER INFORMATION CONTACT**.

**II. Why are these Amendments Issued as a Final Rule?**

Section 553 of the Administrative Procedure Act (APA) (5 U.S.C. 533(b)(3)(B)) provides that, when an agency for good cause finds that notice and public procedure are impracticable, unnecessary, or contrary to the public interest, the agency may issue a rule without providing notice and an opportunity for public comment. EPA has determined that there is good cause for making this rule final without prior proposal and opportunity for comment. These changes update the organizational name of the EPA office responsible for administration of FIFRA, FFDCFA section 408, and TSCA, and correct various Agency addresses. Notice and public comment on such changes is unnecessary. EPA finds that this constitutes good cause under 5 U.S.C. 533(b)(3)(B).

**III. Statutory and Executive Order Reviews**

This final rule implements technical corrections and does not otherwise impose or change any requirements. As such, this action does not require review by OMB under Executive Order 12866, entitled “Regulatory Planning and Review” (58 FR 51735, October 4, 1993), the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*), or Executive Order 13045, entitled “Protection of Children from Environmental Health Risks and Safety Risks” (62 FR 19885, April 23, 1997). Nor does it impose any enforceable duty, contain any unfunded mandate, or impose any significant or unique impact on small governments as described in the Unfunded Mandates Reform Act (UMRA) (2 U.S.C. 1501 *et seq.*).

This action will not have substantial direct effects on State or Tribal governments, on the relationship between the Federal Government and States or Indian tribes, or on the distribution of power and responsibilities between the Federal Government and States or Indian tribes. As such, it will not have any “federalism implications” as described by Executive Order 13132, entitled “Federalism” (64 FR 43255, August 10, 1999) or “tribal implications” as described by Executive Order 13175, entitled “Consultation and Coordination with Indian Tribal Governments” (65 FR 67249, November 9, 2000). Nor does it involve any technical standards that would require Agency consideration of voluntary consensus standards pursuant to section 12(d) of the National Technology Transfer and Advancement Act (NTTAA) (15 U.S.C. 272 note), environmental justice-related issues that would require consideration under Executive Order 12898, entitled “Federal Actions to Address Environmental Justice in Minority Populations and Low-Income Populations” (59 FR 7629, February 16, 1994), or otherwise involve anything that would have any adverse effect on the supply, distribution, or use of energy that

would require consideration under Executive Order 13211, entitled “Actions Concerning Regulations that Significantly Affect Energy Supply, Distribution, or Use” (66 FR 28355, May 22, 2001).

In addition, since this action is not subject to notice-and-comment requirements under the APA or any other statute, it is not subject to the regulatory flexibility provisions of the Regulatory Flexibility Act (RFA) (5 U.S.C. 601 *et seq.*).

#### **IV. Congressional Review Act**

Pursuant to the Congressional Review Act (5 U.S.C. 801 *et seq.*), EPA will submit a report containing this rule and other required information to the U.S. Senate, the U.S. House of Representatives, and the Comptroller General of the United States prior to publication of the rule in the **Federal Register**. This action is not a “major rule” as defined by 5 U.S.C. 804(2).
