**SUPPLEMENTARY INFORMATION:**

**I. Abstract**

This collection of information is required by the Defense Production Act (DPA). The DPA requires U.S. firms to furnish information (15 CFR 701) to the Department of Commerce regarding offset agreements exceeding \$5,000,000 in value associated with sales of weapon systems or defense-related items to foreign countries or foreign firms. Offsets are industrial or commercial compensation practices required as a condition of purchase in either government-to-government or commercial sales of defense articles and/or defense services as defined by the Arms Export Control Act and the International Traffic in Arms Regulations. Such offsets are required by most major trading partners when purchasing U.S. military equipment or defense related items. An annual report based on offset agreements and offset transactions data reported to BIS by industry is

submitted to Congress on the impact of offsets in defense trade on the United States.
