SUPPLEMENTARY INFORMATION: On November 16, 2004, NMFS published a Federal Register document (69 FR 67100) proposing regulations to implement an industry fee system for repaying the reduction loan. The final rule was published July 13, 2005 (70 FR 40225) and fee collection began on September 8, 2005. Interested persons should review these for further program details.

The California Dungeness crab sub-loan of the Pacific Coast Groundfish Capacity Reduction (Buyback) loan in the amount of \$2,334,334.20 will be repaid in full upon receipt of buyback fees on landings through June 30, 2012. NMFS has received \$3,446,217.69 to repay the principal and interest on this sub-loan since fee collection began September 8, 2005. Buyback fees in the California Dungeness crab fishery increased rapidly in December 2011 through March 2012 which reduced the \$1 million balance on the loan in a short period of time resulting in early loan repayment. Therefore, these buyback loan fees will no longer be collected in the California Dungeness crab fishery.

Based on buyback fees received to date, landings after June 30, 2012 will not be subject to the buyback fee. Buyback fees not yet forwarded to NMFS for California Dungeness crab landings through June 30, 2012 should be forwarded to NMFS immediately. Any overpayment of buyback fees submitted to NMFS

will be refunded on a pro-rata basis to the fish buyers/processors based upon best available fish ticket landings data. The fish buyers/processors should return excess buyback fees collected to the harvesters, including buyback fees collected but not yet remitted to NMFS for landings after June 30, 2012. Any discrepancies in fees owed and fees paid must be resolved immediately. After the sub-loan is closed, no further adjustments to fees paid and fees received can be made. Fish dealers whose fees for 2012 were not yet due as they have accumulated less than \$100 in fees should forward their fees at this time for landings through June 30, 2012.

Dated: August 31, 2012

Cherish Johnson,
Acting Director,
Office of Management and Budget,
National Marine Fisheries Service.
