**OMB Number:** 1545-0110.

**Form Number:** 1099-DIV.

**Abstract:** Form 1099-DIV is used by the IRS to insure that dividends are properly reported as required by Internal Revenue Code section 6042, that liquidation distributions are correctly reported as required by Code section 6043, and to determine whether payees are correctly reporting their income.

**Current Actions:** Five line items are added to capture state income tax information for the convenience of the taxpayer. These boxes are optional, and not processed by the IRS. **Type of Review:** Revision of a currently approved collection.

**Affected Public:** Business or other for-profit organizations.

**Estimated Number of Responses:** 79,134,500.

Estimated Time Per Response: 23 minutes.

Estimated Total Annual Burden Hours: 30,962,455

The following paragraph applies to all of the collections of information covered by this notice:

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless the collection of information displays a valid OMB control number. Books or records relating to a collection of information must be retained as long as their contents may become material in the administration of any internal revenue law. Generally, tax returns and tax return information are confidential, as required by 26 U.S.C. 6103.

REQUEST FOR COMMENTS: Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval. All comments will become a matter of public record. Comments are invited on: (a) Whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the collection of information; (c) ways to enhance the quality, utility, and clarity of the information to

be collected; (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology; and (e) estimates of capital or start-up costs and costs of operation, maintenance, and purchase of services to provide information.

Approved: June 5, 2013.
