SUPPLEMENTARY INFORMATION:

PHMSA has received a request for a special permit from a pipeline operator seeking relief from compliance with certain pipeline safety regulations. The request includes a technical analysis provided by the operator. The request has been filed at www.Regulations.gov and assigned a docket number. We invite interested persons to participate by reviewing this special permit request at <http://www.Regulations.gov>, and by submitting written comments, data or other views. Please include any comments on potential environmental impacts that may result if this special permit is granted.

Before acting on this special permit request, PHMSA will evaluate all comments received on or before the comments closing date. Comments will be evaluated after this date if it is possible to do so without incurring additional expense or delay. PHMSA will consider each relevant comment we receive in making our decision to grant or deny a request.

PHMSA has received the following special permit request:

Docket Number	Requester	Regulation(s)	Nature of Special Permit
PHMSA-2013-0146	North Slope Borough, Alaska	49 CFR 192.939	To authorize the North Slope Borough, Alaska variance from 49 CFR 192.939 for the reassessment interval of its 6-inch Natural Gas Transmission Line that runs from South Barrow Gas Fields, approximately 4 miles southeast of the City of Barrow, to the Barrow Utilities & Electric Cooperative Inc. (BUECI) in the city of Borough,

			<p>Alaska. The total length of the pipeline is 29,000 feet.</p> <p>On June 4, 2013, North Slope Borough Assembly, identified and allocated funding for the construction of a new secondary redundant pipeline. North Slope Borough requested relief from the requirements of §192.939 until December 31, 2016. This is to allow for completion of the new pipeline and removal of the current pipeline from service, in order to address the reassessment requirements without creating a hazard or loss of product supply to the Alaska community.</p>
