

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

RIN 0648-XC948

Fisheries of the Gulf of Mexico; Southeast Data, Assessment, and Review (SEDAR); Public Meeting

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of SEDAR 33 Gulf of Mexico gag and greater amberjack webinars.

SUMMARY: The SEDAR 33 assessment of the Gulf of Mexico stocks of gag (*Mycteroperca microlepis*) and greater amberjack (*Seriola dumerili*) will consist of two workshops and a series of webinars: a Data Workshop, an Assessment process conducted via webinars, and a Review Workshop. This series of workshops and webinars will be referred to as SEDAR 33. This notice is for additional Assessment Workshop webinars. See SUPPLEMENTARY INFORMATION.

DATES: The additional Assessment Workshop webinars will take place December 4, 2013 and December 11, 2013. See SUPPLEMENTARY INFORMATION.

ADDRESSES:

Meeting address: The Assessment Workshop webinars will be held via GoToWebinar.

All workshops and webinars are open to members of the public. Those interested in participating should contact Ryan Rindone at SEDAR (see FOR FURTHER INFORMATION CONTACT below) to request an invitation providing pertinent information. Please request meeting information at least 24 hours in advance.

SEDAR office address: 4055 Faber Place Drive, Suite 201, N. Charleston, SC 29405.

FOR FURTHER INFORMATION CONTACT: Ryan Rindone, SEDAR Coordinator;

telephone: (813) 348-1630; email: ryan.rindone@gulfcouncil.org

SUPPLEMENTARY INFORMATION: The Gulf of Mexico, South Atlantic, and Caribbean Fishery Management Councils, in conjunction with NOAA Fisheries and the Atlantic and Gulf States Marine Fisheries Commissions have implemented the Southeast Data, Assessment and Review (SEDAR) process, a multi-step method for determining the status of fish stocks in the Southeast Region. SEDAR is a three-step process including: (1) Data Workshop; (2) Assessment Process including a workshop and webinars; and (3) Review Workshop. The product of the Data Workshop is a data report which compiles and evaluates potential datasets and recommends which datasets are appropriate for assessment analyses. The product of the Assessment Process is a stock assessment report which describes the fisheries, evaluates the status of the stock, estimates biological benchmarks, projects future population conditions, and recommends research and monitoring needs. The assessment is independently peer reviewed at the Review Workshop. The product of the Review Workshop is a Consensus Summary documenting panel opinions regarding the strengths and weaknesses of the stock assessment and input data. Participants for SEDAR Workshops are appointed by the Gulf of Mexico, South Atlantic, and Caribbean Fishery Management Councils and NOAA Fisheries Southeast Regional Office and Southeast Fisheries Science Center. Participants include: data collectors and database managers; stock assessment scientists, biologists, and researchers; constituency representatives including fishermen, environmentalists, and non-governmental organizations (NGOs); international experts; and staff of Councils, Commissions, and state and federal agencies.

The additional SEDAR 33 Assessment webinars are scheduled to begin at 1 p.m. on December 4, 2013 and 1 p.m. on December 11, 2013.

Although non-emergency issues not contained in this agenda may come before this group for discussion, those issues may not be the subject of formal action during this meeting. Action will be restricted to those issues specifically identified in this notice and any issues arising after publication of this notice that require emergency action under section 305(c) of the Magnuson-Stevens Fishery Conservation and Management Act, provided the public has been notified of the intent to take final action to address the emergency.

Special Accommodations

This meeting is accessible to people with disabilities. Requests for auxiliary aids should be directed to the SEDAR office (see ADDRESSES) at least 10 business days prior to the meeting.

Note: The times and sequence specified in this agenda are subject to change.

Authority: 16 U.S.C. 1801 et seq.

Dated: November 6, 2013.

Tracey L. Thompson,

Acting Deputy Director,

Office of Sustainable Fisheries,

National Marine Fisheries Service.
