Title: Assistance to High Energy Cost Rural Communities.

OMB Control Number: 0572–0136.

Type of Request: Revision of a currently approved collection.

Abstract: The Rural Electrification Act of 1936 (RE Act) (7 U.S.C. 901 *et seq.*) was amended in November 2000 to create a new program to help rural communities with extremely high energy costs (Pub. L. 106-472). Under the new section 19 of the RE Act (7 U.S.C. 918a), the Secretary of Agriculture through RUS, is authorized to provide financial assistance through the following three funding streams:

- *High Energy Cost Grants and Loans.* RUS may provide grants and loans for energy generation, transmission, and distribution facilities serving communities with average home energy costs in excess of 275 percent of the national average. Many of the communities are in rural Alaska, but there are other eligible areas nationwide. Eligible applicants include persons, State agencies (including Territories), entities organized under State law, and Indian Tribes. Only grant funds have been appropriated to date.
- *Denali Commission Grants and Loans.* RUS may provide grants and loans to the Denali Commission, a Federal agency, for energy generation, transmission, and distribution facilities serving extremely high energy cost rural and remote communities in Alaska. Annual Denali grants are awarded and advanced as soon as funds are available to RUS. The Denali Grants are governed by a Memorandum of Understanding between the two agencies and by individual Grant Agreements. Only grant funds have been appropriated to date for the Denali Commission.

- *Bulk Fuel Revolving Fund Grants.* RUS may provide grants to State entities in existence as of November 9, 2000, to support revolving loan funds to improve the efficiency of fuel purchases for communities where the fuel cannot be delivered by surface transportation. Only Alaska and a handful of other States are eligible.

Estimate of Burden: Public reporting burden for this collection of information is estimated to average 3.18 hours per response.

Respondents: Business or other for-profit, not-for-profit institutions, State, Local, or Tribal Government.

Estimated Number of Respondents: 112.

Estimated Number of Responses per Respondent: 2.82.

Estimated Total Annual Burden on Respondents: 1,004.

Copies of this information collection can be obtained from Rebecca Hunt, Program Development and Regulatory Analysis, at (202) 205-3660, FAX: (202) 720-8435 or email: rebecca.hunt@wdc.usda.gov.

All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.
