**[EPA-R07-OAR-2013-0724; FRL 9907-78-Region 7]**

**Approval and Promulgation of Implementation Plans, State Plans for Designated Facilities and Pollutants, and Operating Permits Program; State of Missouri**

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Proposed rule.

**SUMMARY:** The Environmental Protection Agency (EPA) is proposing to approve revisions to the Missouri State Implementation Plan (SIP), the 40 CFR part 62 state plans for designated facilities and pollutants (111(d)), and the 40 CFR part 70 operating permits program, which were received on August 25, 2011, May 8, 2012, and February 11, 2013, respectively. The revisions submitted by the state move definitions currently in individual rules into one rule and eliminates the risk of the same term being defined differently for different rules. This action provides more clarity for the regulated public. These revisions do not have an adverse affect on air quality. EPA's proposed approval of these rule revisions is being done in accordance with the requirements of the Clean Air Act (CAA).

**DATES:** Comments on this proposed action must be received in writing by [INSERT DATE 30 DAYS FROM THE DATE OF PUBLICATION IN THE FEDERAL REGISTER].

**SUPPLEMENTARY INFORMATION:** In the final rules section of the Federal Register, EPA is approving the state's SIP revision as a direct final rule without prior proposal because the Agency views this as a noncontroversial revision amendment and anticipates no relevant adverse comments to this action. A detailed rationale for the approval is set forth in the direct final rule. If no relevant adverse comments are received in response to this action, no further activity is contemplated in relation to this action. If EPA receives relevant adverse

comments, the direct final rule will be withdrawn and all public comments received will be addressed in a subsequent final rule based on this proposed action. EPA will not institute a second comment period on this action. Any parties interested in commenting on this action should do so at this time. Please note that if EPA receives adverse comment on part of this rule and if that part can be severed from the remainder of the rule, EPA may adopt as final those parts of the rule that are not the subject of an adverse comment. For additional information, see the direct final rule which is located in the rules section of this **Federal Register**.
