EPA will consider the comments received and amend the ICR as appropriate. The final ICR package will then be submitted to OMB for review and

approval. At that time, EPA will issue another Federal Register notice to announce the submission of the ICR to OMB and the opportunity to submit additional comments to OMB.

Abstract: This Information Collection Request (ICR) seeks authorization for tribes to demonstrate their eligibility to be treated in the same manner as states under the Clean Air Act (CAA) and to submit applications to implement a CAA program. This ICR extends the collection period of information for determining eligibility, which expires August 31, 2014. The ICR maintains the estimates of burden costs for tribes in completing a CAA application.

The program regulation provides for Indian tribes, if they so choose, to assume responsibility for the development and implementation of CAA programs. The regulation, Indian Tribes: Air Quality Planning and Management (Tribal Authority Rule [TAR] 40 CFR parts 9, 35, 49, 50 and 81) sets forth how tribes may seek authority to implement their own air quality planning and management programs. The rule establishes: 1) which CAA provisions Indian tribes may seek authority to implement, 2) what requirements the tribes must meet when seeking such authorization, and 3) what Federal financial assistance may be available to help tribes establish and manage their air quality programs. The TAR provides tribes the authority to administer air quality programs over all air resources, including non-Indian owned fee lands, within the exterior boundaries of a reservation and other areas over which the tribe can demonstrate jurisdiction. An Indian tribe that takes responsibility for a CAA program would essentially be treated in the same way as a state would be treated for that program.

Respondents/affected entities: states, locals, Indian tribes

Respondent's obligation to respond: voluntary, required to obtain or retain a benefit (Tribal Authority Rule [TAR] 40 CFR parts 9, 35, 49, 50 and 81)

Estimated number of respondents: 8.

Total estimated burden: 320 hours (per year). Burden is defined at 5 CFR 1320.03(b)

Changes in Estimates: There is no change of hours in the total estimated respondent burden compared with the ICR currently approved by OMB.

Dated: March 20, 2014.
