SUPPLEMENTARY INFORMATION: In order to accommodate the annual Sarasota Iron Man Triathlon, a temporary schedule deviation has been authorized for the Venice Avenue Bridge, across the Gulf Intracoastal Waterway, mile 56.6 in Venice, FL. This deviation is in effect from 7 a.m. to 10 a.m. on November 8, 2014. During this time, the bridge shall remain closed to navigation, including tugs with tows. Currently, the bridge opens as required per 33 CFR 117.287 (a-2), which states "the draw of the Venice Avenue bridge, shall open on signal, except that from 7 a.m. to 4:30 p.m., Monday through Friday except Federal holidays. The draw need open only at 10 minutes after the hour, 30 minutes after the hour and 50 minutes after the hour, except between 4:35 p.m. and 5:35 p.m." The regulation

changes may have a minor impact on vessels transiting the Gulf Intracoastal Waterway in the vicinity of Venice, FL, but will still meet the reasonable needs of navigation.

The Venice Avenue Bridge provides a vertical clearance of 30 feet at mean high water in the closed position and a horizontal clearance of 90 feet. Vessels able to pass through the bridge in the closed position may do so at anytime. The bridge will be able to open for emergencies. Also, vessels capable of using the Gulf of Mexico as an alternate route may do so in lieu of transiting the Gulf Intracoastal Waterway at mile 56.6 in Venice, FL from 7 a.m. to 10 a.m. November 8, 2014. The Coast Guard will inform users of the waterways through Local and Broadcast Notices to Mariners of the change in operating schedule for the bridge so that vessels can arrange transits to minimize any impact caused by the temporary deviation.

In accordance with 33 CFR 117.35(e), the drawbridge must return to its regular operating schedule immediately following the end of the effective period of this temporary deviation. This deviation from the normal operating regulations is authorized under 33 CFR 117.35.
