NOTICE OF AVAILABILITY OF DRAFT ENVIRONMENTAL ASSESSMENT

In accordance with the National Environmental Policy Act of 1969 and the Federal Energy Regulatory Commission's (Commission) regulations, 18 CFR Part 380 (Order No. 486, 52 FR 47897), the Office of Energy Projects has reviewed the applications for new licenses for the West Branch Project (FERC Project No. 2618) and the Forest City Project (FERC Project No. 2660). The West Branch Project is located on the West Branch of the St. Croix River in Penobscot, Washington, and Hancock Counties, Maine. The Forest City Project is located on the East Branch of the St. Croix River in Washington and Aroostook Counties, Maine.

Staff prepared a multi-project draft environmental assessment (EA), which analyzes the potential environmental effects of licensing the projects, and concludes that licensing the projects, with appropriate environmental protective measures, would not constitute a major federal action that would significantly affect the quality of the human environment.

A copy of the draft EA is on file with the Commission and is available for public inspection. The draft EA may also be viewed on the Commission's website at <http://www.ferc.gov> using the "eLibrary" link.
