SUPPLEMENTARY INFORMATION:

I. Abstract

This request is for an extension of a current information collection. The National Oceanic and Atmospheric Administration's (NOAA) National Marine Fisheries Service (NMFS) established programs to reduce excess fishing capacity by paying fishermen to surrender their vessels/permits. These fishing capacity reduction programs, or buybacks, are conducted pursuant to the Magnuson-Stevens Fishery Conservation and Management Act, and the Magnuson-Stevens Reauthorization Act (Pub. L. 109-479). The buybacks can be funded by a Federal loan to the industry or by direct Federal or other funding. Buyback regulations are at 50 CFR Part 600.

The information collected by NMFS involves the submission of buyback requests by industry, submission of bids, referenda of fishery participants and reporting of collection of fees to repay buyback loans. For buybacks involving State-managed fisheries, the State may be involved in developing the buyback plan and complying with other information requirements. NMFS requests information from participating buyback participants to track repayments of the loans as well as ensure accurate

management and monitoring of the loans. The fees recordkeeping and reporting requirements at 50 CFR parts 600.1013 through 600.1017 form the basis for the collection of information.
