AUTHORITY: 44 U.S.C. 3507(a)(1)(D).

SUPPLEMENTARY INFORMATION: This ICR seeks approval under the PRA for revisions to the Labor Standards for the Registration of Apprenticeship Programs information collection. Regulations 29 CFR part 29 sets forth labor standards to safeguard the welfare of apprentices and to extend the application of such standards by prescribing policies and procedures concerning registration of apprenticeship. This information collection, Program Registration and Apprenticeship Agreement (Form ETA-671), has two sections. The first records the sponsor's information and the second

is for the apprentice's information. The sponsor completes both parts based on employment records. The relevant State agency/Office of Apprenticeship then reviews and signs the document. This information collection has been classified as a revision, because the YouthBuild Apprenticeship Trainee Registration (Form ETA-671A) is being discontinued since the program ended. In addition, changes are being to the form and accompanying instructions. The National Apprenticeship Act as Amended authorizes this collection. See 29 U.S.C. 50.

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless it is approved by the OMB under the PRA and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid Control Number. See 5 CFR 1320.5(a) and 1320.6. The DOL obtains OMB approval for this information collection under Control Number 1205-0223. The current approval is scheduled to expire on April 30, 2015; however, the DOL notes that existing information collection requirements submitted to the OMB receive a month-to-month extension while they undergo review. New requirements would only take effect upon OMB approval. For additional substantive information about this ICR, see the related notice published in the Federal Register on November 26, 2014 (79 FR 70567).

Interested parties are encouraged to send comments to the OMB, Office of Information and Regulatory Affairs at the address shown in the ADDRESSES section within thirty (30) days of publication of this notice in the Federal Register. In order to

help ensure appropriate consideration, comments should mention OMB Control Number 1205-0223. The OMB is particularly interested in comments that:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.
