DEPARTMENT OF JUSTICE

Notice Of Lodging Of Proposed Consent Decree

Under The Comprehensive Environmental Response, Compensation, And Liability Act

On May 21, 2015, the Department of Justice lodged a proposed Consent Decree with the United States District Court for the Southern District of Illinois in the lawsuit entitled *United States of America v. Illinois Tool Works Inc.* 12-cv-1233-NJR-SCW.

The proposed Consent Decree would resolve Comprehensive Environmental Response, Compensation, and Liability Act (“CERCLA”) claims and certain other related claims concerning Site 14 (“Site 14” or “the Site”) of the Miscellaneous Areas Operable Unit at the Crab Orchard National Wildlife Refuge Superfund Site near Marion, Illinois. The total response costs for Site 14 are roughly \$5.8 million, including about \$3.66 million spent by Illinois Tool Works (“ITW”) and about \$2.15 million spent by the U.S. Department of the Interior (“DOI”) and the U.S. Environmental Protection Agency (“EPA”). The proposed settlement would require ITW to pay an additional \$78,617, including \$62,739 being paid into the DOI Central Hazardous Materials Fund and \$15,878 being paid into the EPA Superfund. No prior payments have been made on account of the alleged CERCLA liability of the Department of the Army (“Army”) and DOI (the “Settling Federal Agencies”). Under this settlement, the United States would pay

\$1,677,549 on behalf of the Settling Federal Agencies, including \$1,338,745 being paid into the DOI Central Hazardous Materials Fund and \$338,804 being paid into the EPA Superfund.
