AUTHORITY: 44 U.S.C. 3507(a)(1)(D).

SUPPLEMENTARY INFORMATION: This ICR seeks approval under the PRA for revisions to the Authorization for Release of Medical Information for Black Lung Benefits information collection, Form CM-936. Regulations 20 CFR 725.405 requires all relevant medical evidence be considered before a decision is made regarding a claimant's eligibility for black lung benefits; consequently, a person who files such a claim may submit medical information to the OWCP, Division of Coal Mine Workers' Compensation to help develop the claim. Form CM-936 gives the claimant's consent for the release of that medical information by any physician, hospital, agency, or other

organization to the OWCP. This information collection has been classified as a revision, because of minor changes to CM-936 to provide clearer language so claimants can better understand what information they need to provide. Federal Mine Safety and Health Act of 1977 section 436 authorizes this information collection. See 30 U.S.C. 936.

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless it is approved by the OMB under the PRA and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid Control Number. See 5 CFR 1320.5(a) and 1320.6. The DOL obtains OMB approval for this information collection under Control Number 1240-0034. The current approval is scheduled to expire on October 31, 2015; however, the DOL notes that existing information collection requirements submitted to the OMB receive a month-to-month extension while they undergo review. New requirements would only take effect upon OMB approval. For additional substantive information about this ICR, see the related notice published in the Federal Register on May 18, 2015 (80 FR 28302).

Interested parties are encouraged to send comments to the OMB, Office of Information and Regulatory Affairs at the address shown in the ADDRESSES section within thirty (30) days of publication of this notice in the Federal Register. In order to help ensure appropriate consideration, comments should mention OMB Control Number 1240-0034. The OMB is particularly interested in comments that:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.
