**SUPPLEMENTARY INFORMATION:**

**I. Background**

The Department of Labor, as part of its continuing effort to reduce paperwork and respondent (i.e., employer) burden, conducts a preclearance consultation program to provide the public with an opportunity to comment on proposed and continuing information collection requirements in accord with the Paperwork Reduction Act of 1995 (PRA-95) (44 U.S.C. 3506(c)(2)(A)). This program ensures that information is in the desired format, reporting burden (time and costs) is minimal, collection instruments are clearly understood, and OSHA's estimate of the information collection burden is accurate. The Occupational Safety and Health Act of 1970 (the OSH Act) (29 U.S.C. 651 et seq.) authorizes information collection by employers as necessary or appropriate for enforcement of the OSH Act or for developing information regarding the causes and prevention of occupational injuries, illnesses, and accidents (29 U.S.C. 657). The OSH Act also requires that OSHA obtain such information with minimum burden upon employers, especially those operating small businesses, and to reduce to the maximum

extent feasible unnecessary duplication of efforts in obtaining information (29 U.S.C. 657).

The HAZWOPER Standard specifies a number of collection of information (paperwork) requirements. Employers can use the information collected under the HAZWOPER rule to develop the various programs the Standard requires and to ensure that their workers are trained properly about the safety and health hazards associated with hazardous waste operations and emergency response to hazardous waste releases. OSHA will use the records developed in response to this Standard to determine adequate compliance with the Standard's safety and health provisions. The employer's failure to collect and distribute the information required in this standard will affect significantly OSHA's effort to control and reduce injuries and fatalities. Such failure would also be contrary to the direction Congress provided in The Superfund Amendments and Reauthorization Act (SARA).

## **II. Special Issues for Comment**

OSHA has a particular interest in comments on the following issues:

- Whether the proposed information collection requirements are necessary for the proper performance of the Agency's functions, including whether the information is useful;
- The accuracy of OSHA's estimate of the burden (time and costs) of the information collection requirements, including the validity of the methodology and assumptions used;
- The quality, utility, and clarity of the information collected; and

- Ways to minimize the burden on employers who must comply; for example, by using automated or other technological information collection and transmission techniques.

### **III. Proposed Actions**

OSHA is requesting that the Office of Management and Budget (OMB) extend the approval of the collection of information (paperwork) requirements contained in the standard on Hazardous Waste Operations and Emergency Response (HAZWOPER) (29 CFR 1910.120). The Agency is requesting an adjustment decrease of 988 burden hours from the previous submission (from 262,539 hours to 261,551 hours). This adjustment is due primarily to a slight decline in the number of emergency response organizations from 30,125 to 30,052 (a decline of 73 organizations).

Type of Review: Extension of a currently approved collection.

Title: Hazardous Waste Operations and Emergency Response  
(HAZWOPER) Standard (29 CFR 1910.120).

OMB Control  
Number: 1218-0202.

Affected Public: Businesses or other for-profits; Not-for-profit organizations;  
Federal Government; State, Local, or Tribal Government.

Number of  
Respondents: 30,052.

Frequency  
of Response: On occasion.

Total Responses: 1,440,759.

Average Time  
per Response: Time per response varies from one minute (.02 hour) to maintain a certification record to 23 hours to prepare a written safety and health program.

Estimated Total  
Burden Hours: 261,551.

Estimated Cost  
(Operation and  
Maintenance): \$3,124,960.

#### **IV. Public Participation – Submission of Comments on this Notice and Internet**

##### **Access to Comments and Submissions**

You may submit comments in response to this document as follows: (1) electronically at <http://www.regulations.gov>, which is the Federal eRulemaking Portal; (2) by facsimile; or (3) by hard copy. All comments, attachments, and other material must identify the Agency name and the OSHA docket number for this ICR (Docket No. OSHA-2011-0862). You may supplement electronic submissions by uploading document files electronically. If you wish to mail additional materials in reference to an electronic or facsimile submission, you must submit them to the OSHA Docket Office (see the section of this notice titled “ADDRESSES”). The additional materials must

clearly identify your electronic comments by your name, date, and the docket number so the Agency can attach them to your comments.

Because of security procedures, the use of regular mail may cause a significant delay in the receipt of comments. For information about security procedures concerning the delivery of materials by hand, express delivery, messenger, or courier service, please contact the OSHA Docket Office at (202) 693-2350, (TTY (877) 889-5627).

Comments and submissions are posted without change at <http://www.regulations.gov>. Therefore, OSHA cautions commenters about submitting personal information such as their social security number and date of birth. Although all submissions are listed in the <http://www.regulations.gov> index, some information (e.g., copyrighted material) is not publicly available to read or download from this Web site. All submissions, including copyrighted material, are available for inspection and copying at the OSHA Docket Office. Information on using the <http://www.regulations.gov> Web site to submit comments and access the docket is available at the Web site's "User Tips"

link. Contact the OSHA Docket Office for information about materials not available from the Web site, and for assistance in using the Internet to locate docket submissions.
