SUPPLEMENTARY INFORMATION: CPSC seeks to renew the following currently
approved collection of information:

Title: Safety Standard for Infant Swings

OMB Number: 3041-0155

Type of Review: Renewal of collection

Frequency of Response: On occasion

Affected Public: Manufacturers and importers of infant swings

Estimated Number of Respondents: 9 firms that supply infant swings to the United States market have been identified; there are approximately 5 models per firm annually

Estimated Time per Response: 1 hour/model associated with marking and labeling

Total Estimated Annual Burden: 45 hours (9 firms x 5 models x 1 hour)

General Description of Collection: The Commission revised the CPSC standard for the safety standard for infant swings (16 CFR part 1223) on June 24, 2013 (78 FR 37706). The standard is intended to address hazards to children associated with infant swings. Among other requirements, the standard requires manufacturers, including importers, to meet the collection of information requirements for marking and labeling for infant swings.

Request for Comments

The Commission solicits written comments from all interested persons about the proposed collection of information. The Commission specifically solicits information relevant to the following topics:

- Whether the collection of information described above is necessary for the proper performance of the Commission's functions, including whether the information would have practical utility;
- Whether the estimated burden of the proposed collection of information is accurate;
- Whether the quality, utility, and clarity of the information to be collected could be enhanced; and
- Whether the burden imposed by the collection of information could be minimized by use of automated, electronic or other technological collection techniques, or other forms of information technology.

Dated: October 5, 2015.

Todd A. Stevenson, Secretary,
Consumer Product Safety Commission.
