SUPPLEMENTARY INFORMATION:

Title: Laboratories

OMB Control Number: 0583-0158.

Type of Request: Renewal of an approved information collection.

Abstract: FSIS has been delegated the authority to exercise the functions of the Secretary (7 CFR 2.18, 2.53) as specified in the Federal Meat Inspection Act (FMIA) (21 U.S.C. 601, et seq.), the Poultry Products Inspection Act (PPIA) (21 U.S.C. 451, et seq.), and the Egg Products Inspection Act (EPIA) (21 U.S.C. 1031, et seq.). FSIS protects the public by verifying that meat, poultry, and egg products are safe, wholesome, not adulterated, and correctly labeled. FSIS is requesting renewal of the approved information collection addressing paperwork requirements regarding two different forms to collect information for two laboratory programs. FSIS is requesting a reduction in the estimated burden from 24 hours to 13 hours based on historical use of the forms described below to collect the information on the laboratories in the programs.

FSIS uses the PEPRL-F-0008.04 form as a self-assessment audit checklist to collect information related to the quality assurance/quality control procedures in place at in-plant and

private laboratories participating in the Pasteurized Egg Product Recognized Laboratory (PEPRLab) program (9 CFR 590.580). FSIS uses the data collected in the desk audit of existing labs or the appraisal of a new applicant.

Any non-Federal laboratory that is applying for the FSIS Accredited Laboratory program needs to complete an Application for FSIS Accredited Laboratory Program form (9 CFR 439). State or private laboratories need only submit the application once for entry into the program. FSIS uses the information collected by the form to help access the laboratory applying for admission to the FSIS Accredited Laboratory program.

FSIS has made the following estimates based upon an information collection assessment.

Estimate of Burden: FSIS estimates that it will take respondents an average of 0.96 hours per year to complete a laboratory form.

Respondents: Laboratories.

Estimated Number of Respondents: 13.

Estimated Number of Annual Responses per Respondent: 1.

Estimated Total Annual Burden on Respondents: 13 hours.

Copies of this information collection assessment can be obtained from Gina Kouba, Paperwork Reduction Act Coordinator, Food Safety and Inspection Service, USDA, 1400 Independence, SW, Room 6077, South Building, Washington, DC 20250, (202) 690-6510.

Comments are invited on: (a) whether the proposed collection of information is necessary for the proper performance of FSIS's functions, including whether the information will have practical utility; (b) the accuracy of FSIS's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques, or other forms of information technology. Comments may be sent to both FSIS, at the addresses provided above, and the Desk Officer for Agriculture, Office of Information and Regulatory Affairs, Office of Management and Budget, Washington, DC 20253.

Responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.
