### **Global Express Guaranteed**

Global Express Guaranteed (GXG) is the Postal Service's premier international expedited product provided through an alliance with FedEx Express<sup>®</sup>. The price increase for GXG service averages 7.1 percent.

The Postal Service provides Commercial Base pricing to online customers who prepare and pay for GXG shipments via USPS-approved payment methods (with the exception of Click-N-Ship<sup>®</sup> service), with a 5 percent discount off the published retail prices for GXG. Customers who prepare GXG shipments via Click-N-Ship service will now pay retail prices.

The Postal Service continues to offer Commercial Plus pricing for large volume customers who commit to tendering \$100,000 in annual postal revenue from GXG, Priority Mail Express International, Priority Mail International, and First-Class Package International Service via USPS-approved payment methods. The Postal Service will also continue to include GXG in customized Global

Expedited Package Services (GEPS) contracts offered to customers who meet certain revenue thresholds and are willing to commit a larger amount of revenue in international postage.

### **Priority Mail Express International**

Priority Mail Express International (PMEI) service provides fast service to approximately 180 countries. Priority Mail Express International with Money-Back Guarantee service is available for certain destinations. The price increase for Priority Mail Express International service averages 11.6 percent. The Commercial Base price for customers that prepare and pay for Priority Mail Express International shipments via permit imprint, online at USPS.com<sup>®</sup>, or as registered end-users using an authorized PC Postage vendor (with the exception of Click-N-Ship service) will be 5 percent below the retail price. Customers who prepare Priority Mail Express International shipments via Click-N-Ship service will now pay retail prices. The Postal Service continues to offer Priority Mail Express International Commercial Plus pricing to large volume customers who commit to tendering \$100,000 in annual postal revenues from GXG, Priority Mail Express International, Priority Mail International, and First-Class Package International Service. The Postal Service will also continue to include Priority Mail Express International in customized Global Expedited Package Services (GEPS) contracts offered to customers who meet certain revenue thresholds and are willing to commit a larger amount of revenue in international postage.

We are discontinuing the Priority Mail Express International Flat Rate Box. Customers who present items at retail to be mailed in a Priority Mail Express

International Flat Rate Box will pay the retail price based on the item's weight and price group.

Priority Mail Express International flat rate pricing continues to be available for Flat Rate Envelopes. New this year, the prices for what was formerly the "all other countries" rate group are being replaced with flat rate prices in seven rate groups, based on geographical regions.

### **Priority Mail International**

Priority Mail International (PMI) is an economical way to send merchandise and documents to about 180 countries. The price increase for Priority Mail International service averages 10.2 percent. The Commercial Base price for customers that prepare and pay for PMI items via permit imprint, online at USPS.com, or as registered end-users using an authorized PC Postage vendor (with the exception of Click-N-Ship service) will be 5 percent below the retail price. Customers who prepare Priority Mail International shipments via Click-N-Ship service will now pay retail prices. The Postal Service continues to offer Priority Mail International Commercial Plus pricing to large volume customers who commit to tendering \$100,000 in annual postal revenues from GXG, Priority Mail Express International, Priority Mail International, and First-Class Package International Service. The Postal Service will continue to include Priority Mail International in customized Global Expedited Package Services (GEPS) contracts offered to customers who meet certain revenue thresholds and are willing to commit to a larger amount of revenue to the USPS® for Priority Mail Express International and Priority Mail International.

Priority Mail International flat rate pricing continues to be available for Flat Rate Envelopes, Small Flat Rate Priced Boxes, and Medium and Large Flat Rate Boxes. New this year, the prices for what was formerly the “all other countries” rate group are being replaced with flat rate prices in seven rate groups, based on geographical regions.

In this filing, we are proposing a structural change in the way insurance is provided and reimbursed for Priority Mail International. Priority Mail International shipments containing merchandise (other than in Priority Mail International Small Flat Rate Priced Boxes and Flat Rate Envelopes) will now be insured against loss, damage, or missing contents up to \$200 at no additional charge. Additional insurance coverage up to a maximum of \$5,000 (depending on individual country insurance limits) may be purchased at the sender’s option. Priority Mail International shipments containing nonnegotiable documents (other than in Priority Mail International Flat Rate Envelopes and Small Flat Rate Priced Boxes) will now be insured against loss, damage, or missing contents up to \$100 for document reconstruction at no additional charge. The insurance coverage will be provided on all outbound Priority Mail International shipments accepted at retail or paid for by using postage validation imprinter (PVI) labels, postage meter imprints, USPS-approved PC Postage, Click-N-Ship service postage, or permit imprint.

Electronic USPS Delivery Confirmation International service — abbreviated E-USPS DELCON INTL — is an optional service available for Priority Mail International Flat Rate Envelopes (except for the Gift Card Flat Rate

Envelope) and all Small Flat Rate Priced Boxes to select destination countries, for customers using select software or online tools, at no charge. We are adding E-USPS DELCON INTL service to four countries with this price change: Lebanon, Norway, Slovak Republic, and Turkey.

In the May 2015 price change, we created new price zones for Priority Mail International to Canada, based on the distance of the origin ZIP Code to the serving International Service Center (ISC). An ISC Zone Chart is now available for a subscription fee from the National Customer Support Center in Memphis, Tennessee, to support zone-based pricing for Priority Mail International to Canada. The chart will enable mailers to determine the applicable zone, based on the origin ZIP Code. Once the zone and weight of the item are known, the mailer will be able to determine the applicable postage price.

### **First-Class Package International Service**

First-Class Package International Service (FCPIS) is an economical international service for small packages weighing less than 4 pounds and not exceeding \$400 in value. The pricing structure for FCPIS will continue to be simpler than for some other international products, with identical prices for 0 to 8 ounces within each country price group, and identical prices for 9 to 32 ounces within each country price group. The price increase for FCPIS averages 21.6 percent. The Commercial Base price for customers that prepare and pay for FCPIS items via permit imprint or by USPS-approved online payment methods will be 5 percent below the retail price. Customers who prepare First-Class

Package International Service shipments via Click-N-Ship service will now pay retail prices. Commercial Plus pricing will be available to large volume customers who commit to tendering \$100,000 in annual postal revenue for GXG, Priority Mail Express International, Priority Mail International, and First-Class Package International Service.

Electronic USPS Delivery Confirmation International service — abbreviated E-USPS DELCON INTL — is an optional service available for First-Class Package International Service items to select destination countries, for customers using select software or online tools, at no charge. We are adding E-USPS DELCON INTL service to four countries with this price change: Lebanon, Norway, Slovak Republic, and Turkey.

### **International Priority Airmail and International Surface Air Lift**

Published prices for International Priority Airmail (IPA) and International Surface Air Lift (ISAL) will increase by 4.2 percent for IPA and 3.5 percent for IPA M-bags, as well as 6.3 percent for ISAL and 5.3 percent for ISAL M-bags. The structure of IPA and ISAL price categories will continue to be priced by the worldwide and 19 country price groups and applicable mail shapes (letters and postcards, large envelopes [flats], and packages [small packets and rolls]). These categories correspond to the Universal Postal Convention requirements to use shape-based pricing. For IPA and ISAL, the Postal Service offers incentive pricing through International Negotiated Service Agreements (NSAs).

International Priority Airmail (IPA) service, including IPA M-bags, is a bulk commercial service that provides business mailers with rapid and economical worldwide delivery for volume mailings of First-Class Mail International postcards, letters, large envelopes (flats), and FCPIS packages (small packets) weighing up to a maximum 4.4 pounds. IPA is dispatched to the destination country where it is entered into the postal administration's air or surface priority mail system for delivery. The overall price increase for IPA service averages 4.2 percent.

International Surface Air Lift (ISAL) service, including ISAL M-bags, is a bulk commercial service that provides economical worldwide delivery to business mailers of volume mailings of all First-Class Mail International postcards, letters, large envelopes (flats), and FCPIS packages (small packets) weighing up to 4.4 pounds. ISAL is dispatched to the destination country where it is then entered into the postal administration's surface nonpriority network for delivery. The overall price increase for ISAL service averages 6 percent.

### **Direct Sacks of Printed Matter to One Addressee (Airmail M-bags)**

Airmail M-bags are direct sacks of printed matter sent to a single foreign addressee at a single address. Prices are based on the weight of the sack. The price increase for Airmail M-bags averages 9.2 percent.

### **International Extra Services and Fees**

Depending on country destination and mail type, customers may add a variety of extra services to their outbound shipments. Prices for some of these extra services are increasing:

- *International Postal Money Orders* will increase 5.6 percent.
- *International Money Order Inquiry Fee* will increase 3.5 percent.
- *International Money Transfer Service* will increase 3.3 to 3.7 percent, depending on the rate cell.
