SUPPLEMENTARY INFORMATION: This ICR seeks to extend PRA authority for the Definition of Plan Assets—Participant Contributions information collection codified in regulations 29 CFR 2520.3-102(d). The regulation concerning plan assets and participant contributions provides guidance for a fiduciary, participant, or beneficiary of an employee benefit plan regarding how a participant contribution to a pension plan must be handled when the contribution is either paid to the employer by the participant or directly withheld by the employer from the employee's wages for transmission to the pension

plan. In particular, the regulation sets standards for the timely delivery of such participant contributions, including an outside time limit for the employer's holding of participant contributions. In addition, for an employer who may have difficulty meeting the regulation's outside deadlines for transmitting participant contribution, the regulation provides the opportunity for the employer to obtain an extension of the time limit by providing participants and the Department with a notice that contains specified information. Employee Retirement Income Security Act of 1974 section 404 authorizes this information collection. See 29 U.S.C. 1104.

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless it is approved by the OMB under the PRA and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid Control Number. See 5 CFR 1320.5(a) and 1320.6. The DOL obtains OMB approval for this information collection under Control Number 1210-0100.

OMB authorization for an ICR cannot be for more than three (3) years without renewal, and the current approval for this collection is scheduled to expire on October 31, 2015. The DOL seeks to extend PRA authorization for this information collection for three (3) more years, without any change to existing requirements. The DOL notes that existing information collection requirements submitted to the OMB receive a month-to-month extension while they undergo review. For additional substantive information about

this ICR, see the related notice published in the Federal Register on June 17, 2015 (80 FR 34696).

Interested parties are encouraged to send comments to the OMB, Office of Information and Regulatory Affairs at the address shown in the ADDRESSES section within thirty (30) days of publication of this notice in the Federal Register. In order to help ensure appropriate consideration, comments should mention OMB Control Number 1210-0100. The OMB is particularly interested in comments that:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

- Enhance the quality, utility, and clarity of the information to be collected; and
