AUTHORITY: 44 U.S.C. 3507(a)(1)(D).

SUPPLEMENTARY INFORMATION: This ICR seeks approval under the PRA for revisions to the Resource Justification Model (RJM) information collection the ETA uses to collect actual unemployment insurance administrative cost data from a State's accounting records and projected expenditures for upcoming years. A State uses the RJM to submit detailed cost data electronically in a structured format (spreadsheet file). The information specifies salary and benefit rates, workloads, processing times, and non-personal services costs. The ETA uses RJM data to inform administrative funding allocations. ETA regional office data review and validation is also an important RJM component. This information collection has been classified as a revision, because of three (3) changes: (A) reduced the number of categories of existing Non-Personal Services categories from eight (8) to three (3): (IT/Communications, Non IT and Personal Service Contracts); (B) discontinued the requirement to submit hard copy note books containing

the supporting documentation; and (C) added a requirement to the breakout of Personal Services/Personal Benefits of IT expenditures. Social Security Act sections 303(a)(1) and (6) authorize this information collection. See 42 U.S.C. 503(a)(1) and (6).

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless it is approved by the OMB under the PRA and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid Control Number. See 5 CFR 1320.5(a) and 1320.6. The DOL obtains OMB approval for this information collection under Control Number 1205-0430. The current approval is scheduled to expire on December 31, 2016; however, the DOL notes that existing information collection requirements submitted to the OMB receive a month-to-month extension while they undergo review. New requirements would only take effect upon OMB approval. For additional substantive information about this ICR, see the related notice published in the Federal Register on March 2, 2015 (80 FR 11230).

Interested parties are encouraged to send comments to the OMB, Office of Information and Regulatory Affairs at the address shown in the ADDRESSES section within thirty (30) days of publication of this notice in the Federal Register. In order to help ensure appropriate consideration, comments should mention OMB Control Number 1205-0430. The OMB is particularly interested in comments that:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and
