In order for an affirmative determination to be made for workers of a primary firm and a certification issued regarding eligibility to apply for worker adjustment assistance, each of the group eligibility requirements of section 222(a) of the Act must be met.

- I. Under section 222(a)(2)(A), the following must be satisfied:
  - (1) a significant number or proportion of the workers in such workers' firm have become totally or partially separated, or are threatened to become totally or partially separated;
  - (2) the sales or production, or both, of such firm have decreased absolutely; and
  - (3) One of the following must be satisfied:
    - (A) imports of articles or services like or directly competitive with articles produced or services supplied by such firm have increased;
    - (B) imports of articles like or directly competitive with articles into which one or more component parts produced by such firm are directly incorporated, have increased;
    - (C) imports of articles directly incorporating one or more component parts produced outside the United States that are like or directly competitive with imports of articles incorporating one or more component parts produced by such firm have increased;
    - (D) imports of articles like or directly competitive with articles which are produced

directly using services supplied by such firm, have increased; and

- (4) the increase in imports contributed importantly to such workers' separation or threat of separation and to the decline in the sales or production of such firm; or

II. Section 222(a)(2)(B) all of the following must be satisfied:

- (1) a significant number or proportion of the workers in such workers' firm have become totally or partially separated, or are threatened to become totally or partially separated;

(2) One of the following must be satisfied:

(A) there has been a shift by the workers' firm to a foreign country in the production of articles or supply of services like or directly competitive with those produced/supplied by the workers' firm;

(B) there has been an acquisition from a foreign country by the workers' firm of articles/services that are like or directly competitive with those produced/supplied by the workers' firm; and

- (3) the shift/acquisition contributed importantly to the workers' separation or threat of separation.

In order for an affirmative determination to be made for adversely affected secondary workers of a firm and a certification issued regarding eligibility to apply for worker adjustment assistance, each of the group eligibility requirements of section 222(b) of the Act must be met.

- (1) a significant number or proportion of the workers in the workers' firm have become totally or partially separated, or are threatened to become totally or partially separated;
- (2) the workers' firm is a Supplier or Downstream Producer to a firm that employed a group of workers who received a certification of eligibility under section 222(a) of the Act, and

such supply or production is related to the article or service that was the basis for such certification; and

(3) either-

(A) the workers' firm is a supplier and the component parts it supplied to the firm described in paragraph (2) accounted for at least 20 percent of the production or sales of the workers' firm; or

(B) a loss of business by the workers' firm with the firm described in paragraph (2) contributed importantly to the workers' separation or threat of separation.

In order for an affirmative determination to be made for adversely affected workers in firms identified by the International Trade Commission and a certification issued regarding eligibility to apply for worker adjustment assistance, each of the group eligibility requirements of section 222(e) of the Act must be met.

(1) the workers' firm is publicly identified by name by the International Trade Commission as a member of a domestic industry in an investigation resulting in--

(A) an affirmative determination of serious injury or threat thereof under section 202(b)(1);

(B) an affirmative determination of market disruption or threat thereof under section 421(b)(1); or

(C) an affirmative final determination of material injury or threat thereof under section 705(b)(1)(A) or 735(b)(1)(A) of the Tariff Act of 1930 (19 U.S.C. 1671d(b)(1)(A) and 1673d(b)(1)(A));

(2) the petition is filed during the 1-year period beginning on the date on which--

DETERMINATIONS TERMINATING INVESTIGATIONS OF PETITIONS FOR WORKER ADJUSTMENT ASSISTANCE

After notice of the petitions was published in the **Federal Register** and on the Department's website, as required by section 221 of the Act (19 U.S.C. 2271), the Department initiated investigations of these petitions.

The following determinations terminating investigations were issued because the petitioner has requested that the petition be withdrawn.

| TA-W number | Subject firm               | Location     | Impact date |
|-------------|----------------------------|--------------|-------------|
| 85,964      | IPSCO Koppel Tubulars, LLC | Ambridge, PA |             |
| 85,993      | IPSCO Tubulars (KY) Inc.   | Wilder, KY   |             |
| 86,017      | IPSCO                      | Houston, TX  |             |

|        |                                       |              |  |

| 86,067 | Guardian Life<br>Insurance<br>Company | Appleton, WA |  |

The following determinations terminating investigations were issued in cases where these petitions were not filed in accordance with the requirements of 29 CFR 90.11. Every petition filed by workers must be signed by at least three individuals of the petitioning worker group. Petitioners separated more than one year prior to the date of the petition cannot be covered under a certification of a petition under section 223(b), and therefore, may not be part of a petitioning worker group. For one or more of these reasons, these petitions were deemed invalid.

| TA-W number | Subject firm                               | Location     | Impact date |
|-------------|--|--------------|-------------|
| 86,092      | National<br>Electronic<br>Warranty/Asurion | Sterling, VA |             |

The following determinations terminating investigations were issued because the petitioning groups of workers are covered by active certifications. Consequently, further investigation in these cases would serve no purpose since

the petitioning group of workers cannot be covered by more than one certification at a time.

| TA-W number | Subject firm   | Location            | Impact date |
|-------------|--|---------------------|-------------|
| 90,017      | MoneyGram Payment Systems, Inc., MoneyGram International, Inc.                         | Brooklyn Center, MN |             |

| 90,225      | Ipsco Koppel Tubulars, LLC   | Ambridge, PA        |             |

The following determinations terminating investigations were issued because the petitions are the subject of ongoing investigations under petitions filed earlier covering the same petitioners.
