I. Funding Opportunity Description

Purpose of Program: The Carol M. White Physical Education Program (PEP) provides grants to local educational agencies

(LEAs) and community-based organizations (CBOs) to initiate, expand, and improve physical education for students in grades K-12. Grant recipients must implement programs that help students make progress toward meeting State physical education standards.

Priorities: This notice contains one absolute priority, three competitive preference priorities, and one invitational priority. The absolute priority and Competitive Preference Priority 1 are from the notice of final priorities, requirements, and definitions for this program published in the Federal Register on June 18, 2010 (75 FR 34892). Competitive Preference Priority 2 and Competitive Preference Priority 3 are from the Department's notice of final supplemental priorities and definitions for discretionary grant programs, published in the Federal Register on December 10, 2014 (79 FR 73426). The invitational priority is based on 34 CFR 75.226(d)(4).

Absolute Priority: For FY 2016 and any subsequent year in which we make awards from the list of unfunded applicants from this competition, this priority is an absolute priority. Under 34 CFR 75.105(c)(3) we consider only applications that meet this priority.

This priority is:

Programs Designed to Create Quality Physical Education

Programs

Under this priority, an applicant is required to develop, expand, or improve its physical education program and address its State's physical education standards by undertaking the following activities: (1) instruction in healthy eating habits and good nutrition and (2) physical fitness activities that must include at least one of the following: (a) fitness education and assessment to help students understand, improve, or maintain their physical well-being; (b) instruction in a variety of motor skills and physical activities designed to enhance the physical, mental, and social or emotional development of every student; (c) development of, and instruction in, cognitive concepts about motor skills and physical fitness that support a lifelong healthy lifestyle; (d) opportunities to develop positive social and cooperative skills through physical activity participation; or (e) opportunities for professional development for teachers of physical education to stay abreast of the latest research, issues, and trends in the field of physical education.

Competitive Preference Priorities: For FY 2016 and any subsequent year in which we make awards from the list of unfunded applicants from this competition, these

priorities are competitive preference priorities. Under 34 CFR 75.105(c)(2)(i) we will award an additional five points to an application that meets Competitive Preference Priority 1, an additional five points to an application that meets Competitive Preference Priority 2, and an additional five points to an application that meets Competitive Preference 3. The maximum number of competitive preference points an application can receive for this competition is 15.

Note: In order to be eligible for earning competitive preference priority points, an applicant must identify in the abstract section of its application the competitive preference priority or priorities for which it is seeking points.

Applications that fail to clearly identify in the abstract section the competitive preference priority or priorities for which they are seeking to earn points will not be reviewed against the competitive preference priority and will not be awarded competitive preference priority points.

These priorities are:

Competitive Preference Priority 1: Partnerships Between Applicants and Supporting Community Entities.

We will give a competitive preference priority to an applicant that includes in its application an agreement that details the participation of required partners, as defined in this notice. The agreement must include a description of: (1) each partner's roles and responsibilities in the project; (2) how each partner will contribute to the project, including any contribution to the local match; (3) an assurance that the application was developed after timely and meaningful consultation between the required parties, as defined in this notice; and (4) a commitment to work together to reach the desired goals and outcomes of the project. The partner agreement must be signed by the Authorized Representative of each of the required partners and by other partners as appropriate.

For an LEA applicant, this partnership agreement must include: (1) the LEA; (2) at least one CBO; (3) a local public health entity, as defined in this notice; (4) the LEA's food service or child nutrition director; and (5) the head of the local government, as defined in this notice.

For a CBO applicant, the partnership agreement must include: (1) the CBO; (2) a local public health entity, as defined in this notice; (3) a local organization supporting nutrition or healthy eating, as defined in this notice; (4) the head of the local government, as defined in this

notice; and (5) the LEA from which the largest number of students expected to participate in the CBO's project attend. If the CBO applicant is a school, such as a parochial or other private school, the applicant must describe its school as part of the partnership agreement but is not required to provide an additional signature from an LEA or another school. A CBO applicant that is a school and serves its own population of students is required to include another CBO as part of its partnership and include the head of that CBO as a signatory on the partnership agreement.

Although partnerships with other parties are required for this priority, the eligible applicant must retain the administrative and fiscal control of the project.

Competitive Preference Priority 2—Development of Non-Cognitive Factors.

We will give a competitive preference priority to an applicant that includes in its application projects that are designed to improve students' mastery of non-cognitive skills and behaviors (such as academic behaviors, academic mindset, perseverance, self-regulation, social and emotional skills, and approaches toward learning strategies) and enhance student motivation and engagement in learning.

Competitive Preference Priority 3 - Supporting High-Need Students.

We will give a competitive preference priority to an applicant that includes in its application projects designed to improve academic outcomes; learning environments; or both for students in lowest-performing schools.

Invitational Priority: For FY 2016 and any subsequent year in which we make awards from the list of unfunded applicants from this competition, this priority is an invitational priority. Under 34 CFR 75.105(c)(1) we do not give an application that meets this invitational priority a competitive or absolute preference over other applications.

This priority is:

Invitational Priority -- Evidence of promise.

Projects in which physical education or nutrition education programs and practices are supported by research studies that demonstrate evidence of promise as defined in 34 CFR 77.1(c).

Note: Under this priority, we are inviting applications that meet the evidence of promise standard as defined in 34 CFR 77.1(c). Each applicant is encouraged to submit a citation for the study or studies that supports the applicant's proposed process, strategy, or practice and

that the applicant provides as justification that it meets the evidence of promise standard. If applicable and available, the on-line link for the citation should be provided in the Abstract.

Requirements:

The following requirements, which are from the notice of final priorities, requirements, and definitions for this program published in the Federal Register on June 18, 2010 (75 FR 34892), apply to this competition:

Requirement 1--Align Project Goals with Identified Needs Using the School Health Index (SHI).

Applicants must complete the physical activity and nutrition questions in Modules 1-4 of the Center for Disease Control's (CDC's) SHI self-assessment tool and develop project goals and plans that address the identified needs. Modules 1-4 are School Health and Safety Policies and Environment, Health Education, Physical Activity and Other Physical Activity Programs, and Nutrition Services. LEA applicants must use the SHI self-assessment to develop a School Health Improvement Plan focused on improving these issues, and design an initiative that addresses their identified gaps and weaknesses. Applicants must include their Overall Score Card for the questions answered in Modules 1-4 in their application, and correlate their

School Health Improvement Plan to their project design. Grantees must also complete the same modules of the SHI at the end of the project period and submit the Overall Score Card from the second assessment in their final reports to demonstrate SHI completion and program improvement as a result of PEP funding.

If a CBO applicant (unless the CBO is a school) is in a partner agreement with an LEA or school, it must collaborate with its partner or partners to complete Modules 1-4 of the SHI.

Alternatively, if the CBO has not identified a school or LEA partner, the CBO is not required to do Modules 1-4 of the SHI but must use an alternative needs assessment tool to assess the nutrition and physical activity environment in the community for children. CBO applicants are required to include their overall findings from the community needs assessment and correlate their findings with their project design. Grantees will be required to complete the same needs assessment at the end of their project and submit their findings in their final reports to demonstrate the completion of the assessment and program involvement as a result of PEP funding.

Requirement 2--Nutrition- and Physical Activity-Related Policies.

Grantees must develop, update, or enhance physical activity policies and food- and nutrition-related policies that promote healthy eating and physical activity throughout students' everyday lives, as part of their PEP projects. Applicants must describe in their application their current policy framework, areas of focus, and the planned process for policy development, implementation, review, and monitoring. Grantees will be required to detail at the end of their project period in their final reports the physical activity and nutrition policies selected and how the policies improved through the course of the project.

Applicants must sign a Program-Specific Assurance that commits them to developing, updating, or enhancing these policies during the project period. Applicants that do not submit such a Program-Specific Assurance signed by the applicant's Authorized Representative are ineligible for the competition.

Requirement 3--Linkage with Local Wellness Policies.

Applicants that are participating in a program authorized by the Richard B. Russell National School Lunch Act and the Child Nutrition and WIC Reauthorization Act of 2004 must describe in their applications their school district's established local wellness policy and how the

proposed PEP project will align with, support, complement, and enhance the implementation of the applicant's local wellness policy. The LEA's local wellness policy should address all requirements in the Child Nutrition Act of 1966. CBO applicants must describe in their applications how their proposed projects would enhance or support the intent of the local wellness policies of their LEA partner(s), if they are working in a partnership group.

If an applicant or a member of its partnership group does not participate in the school lunch program authorized by the Richard B. Russell National School Lunch Act and the Child Nutrition Act and the WIC Reauthorization Act of 2004, it will not necessarily have a local wellness policy and, thus, is not required to meet this requirement or adopt a local wellness policy. However, we encourage those applicants to develop and adopt a local wellness policy, consistent with the provisions in the Richard B. Russell National School Lunch Act and the Child Nutrition Act and the WIC Reauthorization Act of 2004 in conjunction with its PEP project.

Applicants must sign a Program-Specific Assurance that commits them to align their PEP project with the district's Local Wellness Policy, if applicable. Applicants to whom this requirement applies that do not submit a Program-

Specific Assurance signed by the applicant's Authorized Representative are ineligible for the competition.

Requirement 4--Equipment Purchases.

Purchases of equipment with PEP funds or with funds used to meet the program's matching requirement must be aligned with the curricular components of the proposed physical education and nutrition program. Applicants must commit to aligning the students' use of the equipment with PEP elements applicable to their projects, identified in the absolute priority in this notice, and any applicable curricula by signing a Program-Specific Assurance. Applicants that do not submit a Program-Specific Assurance signed by the applicant's Authorized Representative are ineligible for the competition.

Requirement 5--Increasing Transparency and Accountability.

Grantees must create or use existing reporting mechanisms to provide information on students' progress, in the aggregate, on the key program indicators, as described in this notice and required under the Government Performance and Results Act, as well as on any unique project-level measures proposed in the application. Grantees that are educational agencies or institutions are subject to applicable Federal, State, and local privacy

provisions, including the Family Educational Rights and Privacy Act--a law that generally prohibits the non-consensual disclosure of personally identifiable information in a student's education record. All grantees must comply with applicable Federal, State, and local privacy provisions. The aggregate-level information should be easily accessible by the public, such as posted on the grantee's or a partner's Web site. Applicants must describe in their application the planned method for reporting.

Applicants must commit to reporting information to the public by signing a Program-Specific Assurance. Applicants that do not submit a Program-Specific Assurance signed by the applicant's Authorized Representative are ineligible for the competition.

Definitions: The definitions are from the notice of final priorities, requirements, and definitions published in the Federal Register on June 18, 2010 (75 FR 34892); the Department's Notice of Final Supplemental Priorities and Definitions for Discretionary Grant Programs, published in the Federal Register on December 10, 2014 (79 FR 73453); the ESEA; and the Education Department General Administrative Regulations. After each definition, we identify its source.

Community-based organization means a public or private nonprofit organization of demonstrated effectiveness that-

(a) Is representative of a community or significant segments of a community; and

(b) Provides educational or related services to individuals in the community. (ESEA section 9101(6)).

Evidence of promise means there is empirical evidence to support the theoretical linkage(s) between at least one critical component and at least one relevant outcome presented in the logic model for the proposed process, product, strategy, or practice. Specifically, evidence of promise means the conditions in both paragraphs (i) and (ii) of this definition are met:

(i) There is at least one study that is a-

(A) Correlational study with statistical controls for selection bias;

(B) Quasi-experimental design study that meets the What Works Clearinghouse Evidence Standards with reservations; or

(C) Randomized controlled trial that meets the What Works Clearinghouse Evidence Standards with or without reservations.

(ii) The study referenced in paragraph (i) of this definition found a statistically significant or

substantively important (defined as a difference of 0.25 standard deviations or larger) favorable association between at least one critical component and one relevant outcome presented in the logic model for the proposed process, product, strategy, or practice. (34 CFR 77.1(c)).

Head of local government means the head of, or an appropriate designee of, the party responsible for the civic functioning of the county, city, town, or municipality would be considered the head of local government. This includes, but is not limited to, the mayor, city manager, or county executive. (75 FR 34892, 34909).

Local educational agency (LEA) means:

(1) A public board of education or other public authority legally constituted within a State for either administrative control or direction of, or to perform a service function for, public elementary schools or secondary schools in a city, county, township, school district, or other political subdivision of a State, or of or for a combination of school districts or counties that is recognized in a State as an administrative agency for its public elementary schools or secondary schools.

(2) The term includes any other public institution or agency having administrative control and direction of a public elementary school or secondary school.

(3) The term includes an elementary school or secondary school funded by the Bureau of Indian Affairs but only to the extent that including the school makes the school eligible for programs for which specific eligibility is not provided to the school in another provision of law and the school does not have a student population that is smaller than the student population of the local educational agency receiving assistance under this Act with the smallest student population, except that the school shall not be subject to the jurisdiction of any State educational agency other than the Bureau of Indian Affairs.

(4) The term includes educational service agencies and consortia of those agencies.

(5) The term includes the State educational agency in a State in which the State educational agency is the sole educational agency for all public schools. (ESEA section 9101(26)).

Local public health entity means an administrative or service unit of local or State government concerned with health and carrying some responsibility for the health of a jurisdiction smaller than the State (except for Rhode

Island and Hawaii, because these States' health departments operate on behalf of local public health and have no sub-State unit). The definition applies to the State health department or the State public health entity in the event that the local public health entity does not govern health and nutrition issues for the local area. (75 FR 34892, 34909).

Lowest-performing schools means, for a State with an approved request for flexibility under the Elementary and Secondary Education Act of 1965, as amended (ESEA), priority schools or Tier I and Tier II schools that have been identified under the School Improvement Grants program. For any other State, Tier I and Tier II schools that have been identified under the School Improvement Grants program.

Organization supporting nutrition or healthy eating means a local public or private non-profit school, health-related professional organization, local public health entity, or local business that has demonstrated interest and efforts in promoting student health or nutrition. This term includes, but is not limited to LEAs (particularly an LEA's school food or child nutrition director), grocery stores, supermarkets, restaurants, corner stores, farmers' markets, farms, other private businesses, hospitals,

institutions of higher education, Cooperative Extension Service and 4H Clubs, and community gardening organizations, when such entities have demonstrated a clear intent to promote student health and nutrition or have made tangible efforts to do so. This definition does not include representatives from trade associations or representatives from any organization representing any producers or marketers of food or beverage product(s). (75 FR 34892, 34909).

Priority schools means schools that, based on the most recent data available, have been identified as among the lowest-performing schools in the State. The total number of priority schools in a State must be at least five percent of the Title I schools in the State. A priority school is—

(a) A school among the lowest five percent of Title I schools in the State based on the achievement of the “all students” group in terms of proficiency on the statewide assessments that are part of the SEA's differentiated recognition, accountability, and support system, combined, and has demonstrated a lack of progress on those assessments over a number of years in the “all students” group;

(b) A Title I-participating or Title I-eligible high school with a graduation rate that is less than 60 percent over a number of years; or

(c) A Tier I or Tier II school under the School Improvement Grant (SIG) program that is using SIG funds to implement a school intervention model.

Tier I schools means:

(a) A Title I school that has been identified as in improvement, corrective action, or restructuring under section 1116 of the Elementary and Secondary Education Act of 1965, as amended (ESEA) and that is identified by the SEA under paragraph (a)(1) of the definition of persistently lowest-achieving school.

(b) An elementary school that is eligible for Title I, Part A funds that—

(1) (i) Has not made adequate yearly progress for at least two consecutive years; or

(ii) Is in the State's lowest quintile of performance based on proficiency rates on the State's assessments under section 1111(b)(3) of the Elementary and Secondary Education Act of 1965, as amended (ESEA) in reading/language arts and mathematics combined; and

(2) Is no higher achieving than the highest-achieving school identified by the SEA under paragraph (a)(1)(i) of the definition of persistently lowest-achieving school.

Tier II schools means:

(a) A secondary school that is eligible for, but does not receive, Title I, Part A funds and is identified by the State educational agency (SEA) under paragraph (a)(2) of the definition of persistently lowest-achieving schools.

(b) A secondary school that is eligible for Title I, Part A funds that—

(1)(i) Has not made adequate yearly progress for at least two consecutive years; or

(ii) Is in the State's lowest quintile of performance based on proficiency rates on the State's assessments under section 1111(b)(3) of the Elementary and Secondary Education Act of 1965, as amended (ESEA), in reading/language arts and mathematics combined; and

(2)(i) Is no higher achieving than the highest-achieving school identified by the SEA under paragraph (a)(2)(i) of the definition of persistently lowest-achieving school; or

(ii) Is a high school that has had a graduation rate, as defined in 34 CFR 200.19(b), that is less than 60 percent over a number of years.

6. Data Universal Numbering System Number, Taxpayer Identification Number, and System for Award Management: To

do business with the Department of Education, you must--

a. Have a Data Universal Numbering System (DUNS) number and a Taxpayer Identification Number (TIN);

b. Register both your DUNS number and TIN with the System for Award Management (SAM) (formerly the Central Contractor Registry (CCR)), the Government's primary registrant database;

c. Provide your DUNS number and TIN on your application; and

d. Maintain an active SAM registration with current information while your application is under review by the Department and, if you are awarded a grant, during the project period.

You can obtain a DUNS number from Dun and Bradstreet. A DUNS number can be created within one-to-two business days.

If you are a corporate entity, agency, institution, or organization, you can obtain a TIN from the Internal Revenue Service. If you are an individual, you can obtain a TIN from the Internal Revenue Service or the Social Security Administration. If you need a new TIN, please allow 2-5 weeks for your TIN to become active.

The SAM registration process can take approximately seven business days, but may take upwards of several weeks, depending on the completeness and accuracy of the data entered into the SAM database by an entity. Thus if you think you might want to apply for Federal financial assistance under a program administered by the Department, please allow sufficient time to obtain and register your DUNS number and TIN. We strongly recommend that you register early.

Note: Once your SAM registration is active, you will need to allow 24 to 48 hours for the information to be available in Grants.gov and before you can submit an application through Grants.gov.

If you are currently registered with SAM, you may not need to make any changes. However, please make certain that the TIN associated with your DUNS number is correct. Also note that you will need to update your registration annually. This may take three or more business days.

Information about SAM is available at www.SAM.gov. To further assist you with obtaining and registering your DUNS number and TIN in SAM or updating your existing SAM account, we have prepared a SAM.gov Tip Sheet, which you can find at: <http://www2.ed.gov/fund/grant/apply/sam-faqs.html>.

In addition, if you are submitting your application via Grants.gov, you must (1) be designated by your organization as an Authorized Organization Representative (AOR); and (2) register yourself with Grants.gov as an AOR. Details on these steps are outlined at the following Grants.gov Web page:
www.grants.gov/web/grants/register.html.

7. Other Submission Requirements: Applications for grants under this competition must be submitted electronically unless you qualify for an exception to this requirement in accordance with the instructions in this section.

a. Electronic Submission of Applications.

Applications for grants under the Carol M. White Physical Education Program, CFDA number 84.215F, must be submitted electronically using the Governmentwide Grants.gov Apply site at www.Grants.gov. Through this site, you will be able to download a copy of the application package, complete it offline, and then upload and submit your application. You may not e-mail an electronic copy of a grant application to us.

We will reject your application if you submit it in paper format unless, as described elsewhere in this section, you qualify for one of the exceptions to the

electronic submission requirement and submit, no later than two weeks before the application deadline date, a written statement to the Department that you qualify for one of these exceptions. Further information regarding calculation of the date that is two weeks before the application deadline date is provided later in this section under Exception to Electronic Submission Requirement.

You may access the electronic grant application for the Carol M. White Physical Education Program at www.Grants.gov. You must search for the downloadable application package for this program by the CFDA number. Do not include the CFDA number's alpha suffix in your search (e.g., search for 84.215, not 84.215F).

Please note the following:

- When you enter the Grants.gov site, you will find information about submitting an application electronically through the site, as well as the hours of operation.

- Applications received by Grants.gov are date and time stamped. Your application must be fully uploaded and submitted and must be date and time stamped by the Grants.gov system no later than 4:30:00 p.m., Washington, DC time, on the application deadline date. Except as otherwise noted in this section, we will not accept your application if it is received--that is, date and time

stamped by the Grants.gov system--after 4:30:00 p.m., Washington, DC time, on the application deadline date. We do not consider an application that does not comply with the deadline requirements. When we retrieve your application from Grants.gov, we will notify you if we are rejecting your application because it was date and time stamped by the Grants.gov system after 4:30:00 p.m., Washington, DC time, on the application deadline date.

- The amount of time it can take to upload an application will vary depending on a variety of factors, including the size of the application and the speed of your Internet connection. Therefore, we strongly recommend that you do not wait until the application deadline date to begin the submission process through Grants.gov.

- You should review and follow the Education Submission Procedures for submitting an application through Grants.gov that are included in the application package for this program to ensure that you submit your application in a timely manner to the Grants.gov system. You can also find the Education Submission Procedures pertaining to Grants.gov under News and Events on the Department's G5 system home page at www.G5.gov.

- You will not receive additional point value because you submit your application in electronic format, nor will

we penalize you if you qualify for an exception to the electronic submission requirement, as described elsewhere in this section, and submit your application in paper format.

- You must submit all documents electronically, including all information you typically provide on the following forms: the Application for Federal Assistance (SF 424), the Department of Education Supplemental Information for SF 424, Budget Information--Non-Construction Programs (ED 524), and all necessary assurances and certifications.

- You must upload any narrative sections and all other attachments to your application as files in a PDF (Portable Document) read-only, non-modifiable format. Do not upload an interactive or fillable PDF file. If you upload a file type other than a read-only, non-modifiable PDF or submit a password-protected file, we will not review that material.

- Your electronic application must comply with any page-limit requirements described in this notice.

- After you electronically submit your application, you will receive from Grants.gov an automatic notification of receipt that contains a Grants.gov tracking number. (This notification indicates receipt by Grants.gov only,

not receipt by the Department.) The Department then will retrieve your application from Grants.gov and send a second notification to you by e-mail. This second notification indicates that the Department has received your application and has assigned your application a PR/Award number (an ED-specified identifying number unique to your application).

- We may request that you provide us original signatures on forms at a later date.

Application Deadline Date Extension in Case of Technical Issues with the Grants.gov System: If you are experiencing problems submitting your application through Grants.gov, please contact the Grants.gov Support Desk, toll free, at 1-800-518-4726. You must obtain a Grants.gov Support Desk Case Number and must keep a record of it.

If you are prevented from electronically submitting your application on the application deadline date because of technical problems with the Grants.gov system, we will grant you an extension until 4:30:00 p.m., Washington, DC time, the following business day to enable you to transmit your application electronically or by hand delivery. You also may mail your application by following the mailing instructions described elsewhere in this notice.

If you submit an application after 4:30:00 p.m., Washington, DC time, on the application deadline date,

please contact the person listed under For Further Information Contact in section VII of this notice and provide an explanation of the technical problem you experienced with Grants.gov, along with the Grants.gov Support Desk Case Number. We will accept your application if we can confirm that a technical problem occurred with the Grants.gov system and that the problem affected your ability to submit your application by 4:30:00 p.m., Washington, DC time, on the application deadline date. The Department will contact you after a determination is made on whether your application will be accepted.

Note: The extensions to which we refer in this section apply only to the unavailability of, or technical problems with, the Grants.gov system. We will not grant you an extension if you failed to fully register to submit your application to Grants.gov before the application deadline date and time or if the technical problem you experienced is unrelated to the Grants.gov system.

Exception to Electronic Submission Requirement: You qualify for an exception to the electronic submission requirement, and may submit your application in paper format, if you are unable to submit an application through the Grants.gov system because--

- You do not have access to the Internet; or

- You do not have the capacity to upload large documents to the Grants.gov system;

and

- No later than two weeks before the application deadline date (14 calendar days or, if the fourteenth calendar day before the application deadline date falls on a Federal holiday, the next business day following the Federal holiday), you mail or fax a written statement to the Department, explaining which of the two grounds for an exception prevents you from using the Internet to submit your application.

If you mail your written statement to the Department, it must be postmarked no later than two weeks before the application deadline date. If you fax your written statement to the Department, we must receive the faxed statement no later than two weeks before the application deadline date.

V. Application Review Information

1. Selection Criteria: The selection criteria for this competition are from 34 CFR 75.210 of EDGAR and are listed in the application package.

2. Review and Selection Process: We remind potential applicants that in reviewing applications in any discretionary grant competition, the Secretary may consider, under 34 CFR 75.217(d)(3), the past performance of the applicant in carrying out a previous award, such as the applicant's use of funds, achievement of project

objectives, and compliance with grant conditions. The Secretary may also consider whether the applicant failed to submit a timely performance report or submitted a report of unacceptable quality.

In addition, in making a competitive grant award, the Secretary also requires various assurances including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department of Education (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).

3. Special Conditions: Under 2 CFR 3474.10, the Secretary may impose special conditions and, in appropriate circumstances, high-risk conditions on a grant if the applicant or grantee is not financially stable; has a history of unsatisfactory performance; has a financial or other management system that does not meet the standards in 2 CFR part 200, subpart D; has not fulfilled the conditions of a prior grant; or is otherwise not responsible.

VI. Award Administration Information

1. Award Notices: If your application is successful, we notify your U.S. Representative and U.S. Senators and send you a Grant Award Notice (GAN); or we may send you an email containing a link to access an electronic version of your GAN. We may notify you informally, also.

If your application is not evaluated or not selected for funding, we notify you.

2. Administrative and National Policy Requirements:

We identify administrative and national policy requirements in the application package and reference these and other requirements in the Applicable Regulations section of this notice.

We reference the regulations outlining the terms and conditions of an award in the Applicable Regulations section of this notice and include these and other specific conditions in the GAN. The GAN also incorporates your approved application as part of your binding commitments under the grant.

3. Reporting: (a) If you apply for a grant under this competition, you must ensure that you have in place the necessary processes and systems to comply with the reporting requirements in 2 CFR part 170 should you receive funding under the competition. This does not apply if you have an exception under 2 CFR 170.110(b).

(b) At the end of your project period, you must submit a final performance report, including financial information, as directed by the Secretary. If you receive a multi-year award, you must submit an annual performance report that provides the most current performance and

financial expenditure information as directed by the Secretary under 34 CFR 75.118. The Secretary may also require more frequent performance reports under 34 CFR 75.720(c). For specific requirements on reporting, please go to www.ed.gov/fund/grant/apply/appforms/appforms.html.

4. Performance Measures: The Secretary has established the following key performance measures for collecting data to use in assessing the effectiveness of PEP:

(a) The percentage of students served by the grant who engage in 60 minutes of daily physical activity.

(b) The percentage of students served by the grant who meet the standard of a healthy fitness zone as established by the assessment for the Presidential Youth Fitness Program (PYFP) in at least five of the six fitness areas of that assessment.

(c) The percentage of students served by the grant who consume fruit two or more times per day and vegetables three or more times per day as measured in programs serving high school students using the nutrition-related questions from the Youth Risk Behavior Survey and in programs serving elementary and middle school students using an appropriate assessment tool for their populations.

For each measure, grantees should collect and aggregate data from two discrete data collection periods throughout each year. During the first year, grantees have an additional data collection period prior to program implementation to collect baseline data.

(d) The cost (based on the amount of the grant award) per student who achieves the level of physical activity required to meet the physical activity measure above (i.e., 60 minutes of daily physical activity).

These measures constitute the Department's measures of success for this program. Consequently, applicants for a grant under this program are advised to give careful consideration to these measures in conceptualizing the approach and evaluation of their proposed project. If funded, applicants will be asked to collect and report data in their performance and final reports about progress toward these measures.

5. Continuation Awards: In making a continuation award under 34 CFR 75.253, the Secretary considers, among other things: whether a grantee has made substantial progress in achieving the goals and objectives of the project; whether the grantee has expended funds in a manner that is consistent with its approved application and budget; and, if the Secretary has established performance

measurement requirements, the performance targets in the grantee's approved application. In making a continuation grant, the Secretary also considers whether the grantee is operating in compliance with the assurances in its approved application, including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).
