Proposed Projects:

Title: Low Income Home Energy Assistance Program (LIHEAP) Leveraging Report

OMB No.: 0970-0121

Description: The LIHEAP leveraging incentive program rewards LIHEAP grantees that have leveraged non-federal home energy resources for low-income households. The LIHEAP leveraging report is the application for leveraging incentive funds that the LIHEAP grantees submit to the U.S. Department of Health and Human Services (HHS) for each fiscal year in which they leverage countable resources. Participation in the leveraging incentive program is voluntary and is described at 45 CFR 96.87. The LIHEAP leveraging report obtains information on the resources leveraged by LIHEAP grantees each federal fiscal year, e.g., as cash, discounts, waivers, and in-kind; the benefits provided to low-income households by these resources, for example, as fuel and payments for fuel, as home heating and cooling equipment, and as weatherization materials and installation; and the fair market value of these resources/benefits.

HHS needs this information in order to carry out federal statutory requirements for administering the LIHEAP leveraging incentive program, to determine accountability and valuation of grantees' leveraged non-federal home energy resources, and to determine grantees' shares of

leveraging incentive funds. HHS proposes to request a three-year clearance by OMB for the LIHEAP leveraging report information collection which has received OMB approval in the past. Respondents: State, Local or Tribal Governments.
