SUPPLEMENTARY INFORMATION: In the Federal Register of April 25, 2016, FDA published a proposed rule with a 30-day comment period to request comments on a proposal to ban ESDs used for SIB or AB. Comments on the proposed ban will inform FDA's rulemaking.

The Agency has received requests for a 60-day extension of the comment period for the proposed rule. Each request conveyed concern that the current 30-day comment period does not allow sufficient time to develop a meaningful or thoughtful response to the proposed rule.

FDA has considered the requests and is extending the comment period for the proposed rule for 60 days, until July 25, 2016. The Agency believes that a 60-day extension allows adequate time for interested persons to submit comments without significantly delaying rulemaking on this important issue.

Dated: May 17, 2016.

Associate Commissioner for Policy.
