**AGENCY:** Bureau of Ocean Energy Management (BOEM), Interior.

**ACTION:** Proposed rule; revision to final rulemaking.

**SUMMARY:** On March 30, 2016, the Bureau of Ocean Energy Management (BOEM) published in the Federal Register a final rule that updates and streamlines the Outer Continental Shelf (OCS) oil and gas and sulfur leasing regulations, which will become effective on May 31, 2016. BOEM wishes to clarify the language in one section of that rule. Therefore, BOEM is proposing to revise that section and give the public an opportunity to comment. The final rule was issued under Docket ID: MMS-2007-OMM-0069, which has expired and is no longer accessible. Therefore, BOEM is utilizing a new Docket ID for this proposed rule (BOEM-2016-0031).

**DATES:** Submit comments by [INSERT DATE 30 DAYS AFTER PUBLICATION IN THE FEDERAL REGISTER].

While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

## **SUPPLEMENTARY INFORMATION**

### **I. Background**

On March 30, 2016 BOEM published in the Federal Register (81 FR 18111), a final rule that updates and streamlines the Outer Continental Shelf (OCS) oil and gas and sulfur leasing regulations, which will become effective on May 31, 2016. BOEM wishes to clarify the

language in one definition in § 556.105 of that rule. Therefore, in this proposed rule, BOEM proposes to make a revision to that section.

## **II. Analysis**

### **Section 556.105 Definitions**

The term “You” was defined in proposed rule § 256.103 by providing a list of categories of persons to whom the term would apply. This list was retained in the definition of “You” in final rule § 556.105, but an introductory sentence was added to clarify that some persons not yet in a legal relationship with BOEM were affected by portions of Part 556. The resulting definition, included in the final rule, read as follows: “You means any party that has, or may have, legal obligations to the Federal government with respect to any operations on the OCS in which it is or may become involved. Depending on the context of the regulation, the term “you” may include a lessee (record title owner), an operating rights owner, a designated operator or agent of the lessee, a predecessor lessee, a holder of a State or Federal RUE, or a pipeline ROW holder.” The first sentence of that definition, by its reference to operations, may cause confusion as to who is considered to be subject to the regulations in Part 556. Therefore, BOEM proposes to change the wording of the definition to remove the introductory sentence and add specific references to: a bidder; a prospective bidder; and an applicant seeking to become an assignee of record title or operating rights. These changes will specify the categories of persons who (depending on the context) must comply with certain sections of Part 556, without the ambiguity of the definition as it is stated in the final rule. As amended, the definition would read: “*You*, depending on the context of the regulations, means a bidder, a prospective bidder, a lessee (record title owner), an operating rights owner, an applicant seeking to become an assignee of record title or operating

rights, a designated operator or agent of the lessee, a predecessor lessee, a RUE holder for a State or Federal lease, or a pipeline ROW holder.”

### **III. Procedural Requirements**

Section V, Legal and Regulatory Analyses, of the final rule issued on March 30, 2016 (81 FR 18145), summarizes BOEM’s analyses of the rule pursuant to applicable statutes and executive orders. This proposed amendment to that rule would not change any conclusion described in that section, because the amendment is only intended to clarify the meaning of the regulatory text in the final rule and would not require any additional actions by either BOEM or the regulated community. Therefore, no additional analysis is necessary.
