SUPPLEMENTARY INFORMATION:

I. Does this Action Apply to Me?

The Agency included in the April 8, 2016 final rule a list of those who may be potentially affected by this action.

II. What Does this Technical Correction Do?

EPA issued a final rule in the **Federal Register** of April 8, 2016 (81 FR 20545) (FRL-9942-99) that was adding commodities including Vegetable cucurbit, group 9 to 40 CFR 180.574(a)(1). EPA inadvertently omitted the language in the codified text, which would have added Vegetable cucurbit, group 9.

III. Why is this Correction Issued as a Final Rule?

Section 553 of the Administrative Procedure Act (APA) (5 U.S.C. 553(b)(3)(B)) provides that, when an agency for good cause finds that notice and public procedure are impracticable, unnecessary, or contrary to the public interest, the agency may issue a final

rule without providing notice and an opportunity for public comment. EPA has determined that there is good cause for making this technical correction final without prior proposal and opportunity for comment, because this is correcting a typographical error. EPA finds that this constitutes good cause under 5 U.S.C. 553(b)(3)(B).

IV. Do Any of the Statutory and Executive Order Reviews Apply to this Action?

No. For a detailed discussion concerning the statutory and executive order review, refer to Unit VI. of the April 8, 2016 final rule.

V. Congressional Review Act

Pursuant to the Congressional Review Act (5 U.S.C. 801 *et seq.*), EPA will submit a report containing this rule and other required information to the U.S. Senate, the U.S. House of Representatives, and the Comptroller General of the United States prior to publication of the rule in the **Federal Register**. This action is not a “major rule” as defined by 5 U.S.C. 804(2).
