PURPOSE: The purpose of these recurring meetings is to advance CDC and ATSDR support for and collaboration with American Indian and Alaska Native (AI/AN) tribes, and to improve the health of AI/AN tribes by pursuing goals that include assisting in eliminating the health disparities faced by AI/AN tribes; ensuring that access to critical health and human services and public health services is maximized to advance or enhance the social, physical, and economic status of AI/ANs; and promoting health equity for all Indian people and communities. To advance these goals, CDC and ATSDR conducts government-to-government consultations with elected tribal officials or their authorized representatives. Consultation is an enhanced form of communication that emphasizes trust, respect, and shared responsibility. It is an open and free exchange of information and opinion among parties that leads to mutual understanding and comprehension.

MATTERS FOR DISCUSSION: The Summer 2016 TAC Meeting and Biannual Tribal Consultation Session will provide opportunities

for tribal leaders to speak openly about the public health issues affecting their tribes. These meetings will include, but are not limited to, discussions about building tribal public health capacity, intimate partner violence, and reducing opioid dependence and overdose in Indian country.

Tribes will also have an opportunity to present testimony about tribal health issues. All Tribal leaders are encouraged to submit written testimony by 5:00 p.m., EDT, Wednesday, July 13, 2016, to LCDR Jessica Damon, Public Health Advisor for the Tribal Support Unit, OSTLTS, via mail to 4770 Buford Highway NE, MS E-70, Atlanta, Georgia, 30341-3717 or email to TribalSupport@cdc.gov.
