**DEPARTMENT OF JUSTICE**

**[Docket No. OLP 157]**

**Notice of Public Comment Period on**

**Proposed Uniform Language for Testimony and Reports**

**AGENCY:** Department of Justice.

**ACTION:** Notice.

**SUMMARY:** This notice announces the opening of the public comment period on the Proposed Uniform Language for Testimony and Reports (Proposed Uniform Language) documents for the forensic disciplines of fiber, footwear and tire treads, general chemistry, glass, latent prints, serology, and toxicology.

**DATES:** Written public comment regarding the Proposed Uniform Language should be submitted through [www.regulations.gov](http://www.regulations.gov) before July 8, 2016.

**FOR FURTHER INFORMATION CONTACT:** The Office of Legal Policy, 950 Pennsylvania Avenue, NW, Washington, DC 20530, by phone at 202-514-4601 or via email at [ULTR.OLP@usdoj.gov](mailto:ULTR.OLP@usdoj.gov).

**SUPPLEMENTARY INFORMATION:**

As part of the Department's continued efforts to advance the practice of forensic science by ensuring Department forensic examiners are testifying and reporting consistent with applicable scientific standards and across Department components including the Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF), the Drug Enforcement Administration (DEA), and the Federal Bureau of Investigation (FBI), the Department is developing Proposed Uniform Language that would apply to all Department forensic laboratory personnel. The

Proposed Uniform Language documents are based on the Federal Bureau of Investigation's (FBI) Approved Scientific Standards for Testimony and Reports (ASSTRs) but differ substantially. As a primary matter, the ASSTRs are currently in effect for FBI personnel, while the Proposed Uniform Language documents are merely proposed and have not been adopted. After adjudication of public comment and the incorporation of appropriate edits, it is anticipated that each Proposed Uniform Language document will be forwarded to the Deputy Attorney General. If one or more are adopted by the Deputy Attorney General, they would become effective for Department forensic laboratory personnel.

The Department plans to seek comment on the Proposed Uniform Language documents in two phases with Proposed Uniform Language documents for seven forensic science disciplines being posted now and the remaining documents posted in July 2016.

**Proposed Uniform Language:** The Department is posting the Proposed Uniform Language document for each of the following forensic science disciplines on [www.regulations.gov](http://www.regulations.gov) and seeking public comment: fiber, footwear and tire treads, general chemistry, glass, latent prints, serology, and toxicology. Each Proposed Uniform Language document contains two primary sections: statements approved for use in examination testimony and/or laboratory reports and statements not approved for use in examination testimony and/or laboratory reports. We ask that you review and provide comment on each Proposed Uniform Language document separately.

**Review Sheet:** In order to assist commenters in evaluating each Proposed Uniform Language document, the Department has provided a review sheet that identifies certain criteria. Commenters may find it helpful to use a format similar to that provided by the review sheet to

frame their responses. Use of the review sheet is optional but would be helpful to provide consistency in commentary.

**Supporting Documentation:** Each Proposed Uniform Language document is accompanied by supporting documentation (posted separately) that provides additional scientific background and policy considerations to support the statements approved for use and statements not approved in examination testimony and/or laboratory reports. The Department is not seeking public comment on the supporting documentation, however, commenters are welcome to provide thoughts and suggestions on these documents but notes that only each Proposed Uniform Language document will be forwarded to the Deputy Attorney General for review and potential adoption by Department personnel.

**Posting of Public Comments:** To ensure proper handling of comments, please reference “**Docket No. OLP 157**” on all electronic and written correspondence. The Department encourages all comments on this framework be submitted electronically through [www.regulations.gov](http://www.regulations.gov). Paper comments that duplicate the electronic submission are not necessary as all comments submitted to [www.regulations.gov](http://www.regulations.gov) will be posted for public review and are part of the official docket record.

In accordance with the Federal Records Act, please note that all comments received are considered part of the public record, and shall be made available for public inspection online at [www.regulations.gov](http://www.regulations.gov). The comments to be posted may include personally identifiable information (such as your name, address, etc.) and confidential business information voluntarily submitted by the commenter.

The Department will post all comments received on [www.regulations.gov](http://www.regulations.gov) without making any changes to the comments or redacting any information, including any personally

identifiable information provided. It is the responsibility of the commenter to safeguard personally identifiable information. You are not required to submit personally identifying information in order to comment on the Proposed Uniform Language and the Department recommends that commenters not include personally identifiable information such as Social Security Numbers, personal addresses, telephone numbers, and email addresses that they do not want made public in their comments as such submitted information will be available to the public via [www.regulations.gov](http://www.regulations.gov). Comments submitted through [www.regulations.gov](http://www.regulations.gov) will not include the email address of the commenter unless the commenter chooses to include that information as part of his or her comment.
