SUPPLEMENTARY INFORMATION: This ICR seeks PRA authority for the information collection requirements to conduct an evaluation of the Disability Employment Initiative (DEI). The DEI was designed to improve educational, training and employment opportunities and outcomes of youth and adults with disabilities by refining and expanding already identified successful public workforce strategies; improving coordination and collaboration among employment and training and asset development programs implemented at state and local levels; and build effective community partnerships that leverage public and private resources better to serve individuals with disabilities and improve employment outcomes. The study will use two distinct quasi-experimental design study designs to determine the impact of DEI interventions on participant outcomes. Information will be collected through annual site visits, a participant tracking system, and a survey.

This proposed information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not

required to respond to an information collection, unless it is approved by the OMB under the PRA and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information if the collection of information does not display a valid Control Number. See 5 CFR 1320.5(a) and 1320.6. For additional information, see the related notices published in the Federal Register on January 12, 2016 (81 FR 1446) and May 26, 2016 (81 FR 36350).

Interested parties are encouraged to send comments to the OMB, Office of Information and Regulatory Affairs at the address shown in the ADDRESSES section within thirty (30) days of publication of this notice in the Federal Register. In order to help ensure appropriate consideration, comments should mention OMB ICR Reference Number 201609-1230-001. The OMB is particularly interested in comments that:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
