

BILLING CODE 3510-22-P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

50 CFR Part 679

[Docket No. 150818742-6210-02]

RIN 0648-XE897

Fisheries of the Exclusive Economic Zone off Alaska; Shortraker Rockfish in the Central Regulatory Area of the Gulf of Alaska

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Temporary rule; closure.

SUMMARY: NMFS is prohibiting retention of shortraker rockfish in the Central Regulatory Area of the Gulf of Alaska (GOA). This action is necessary because the 2016 total allowable catch of shortraker rockfish in the Central Regulatory Area of the GOA has been reached. This closure does not apply to vessels participating in the catcher/processor cooperative fishery in the Rockfish Program.

DATES: Effective 1200 hours, Alaska local time (A.l.t.), September 19, 2016, through 2400 hours, A.l.t., December 31, 2016.

FOR FURTHER INFORMATION CONTACT: Steve Whitney, 907-586-7228.

SUPPLEMENTARY INFORMATION: NMFS manages the groundfish fishery in the GOA exclusive economic zone according to the Fishery Management Plan for Groundfish of the Gulf of Alaska (FMP) prepared by the North Pacific Fishery Management Council under authority of the Magnuson-Stevens Fishery Conservation and Management Act. Regulations governing

fishing by U.S. vessels in accordance with the FMP appear at subpart H of 50 CFR part 600 and 50 CFR part 679.

The 2016 total allowable catch (TAC) of shortraker rockfish in the Central Regulatory Area of the GOA by vessels not participating in the catcher/processor cooperative fishery in the Rockfish Program is 181 metric tons (mt) as established by the final 2016 and 2017 harvest specifications for groundfish of the GOA (81 FR 14740, March 18, 2016).

In accordance with § 679.20(d)(2), the Administrator, Alaska Region, NMFS (Regional Administrator), has determined that the 2016 TAC of shortraker rockfish in the Central Regulatory Area of the GOA by vessels not participating in the catcher/processor cooperative fishery in the Rockfish Program has been reached. Therefore, NMFS is requiring that shortraker rockfish in the Central Regulatory Area of the GOA be treated as prohibited species in accordance with § 679.21(b). This closure does not apply to vessels participating in the catcher/processor cooperative fishery in the Rockfish Program.

Classification

This action responds to the best available information recently obtained from the fishery. The Assistant Administrator for Fisheries, NOAA (AA), finds good cause to waive the requirement to provide prior notice and opportunity for public comment pursuant to the authority set forth at 5 U.S.C. 553(b)(B) as such requirement is impracticable and contrary to the public interest. This requirement is impracticable and contrary to the public interest as it would prevent NMFS from responding to the most recent fisheries data in a timely fashion and would delay prohibiting the retention of shortraker rockfish in the Central Regulatory Area of the GOA for vessels not participating in the catcher/processor cooperative fishery in the Rockfish Program.

NMFS was unable to publish a notice providing time for public comment because the most recent, relevant data only became available as of September 16, 2016.

The AA also finds good cause to waive the 30-day delay in the effective date of this action under 5 U.S.C. 553(d)(3). This finding is based upon the reasons provided above for waiver of prior notice and opportunity for public comment.

This action is required by §§ 679.20 and 679.21 and is exempt from review under Executive Order 12866.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: September 19, 2016.

Alan D. Risenhoover,
Director,
Office of Sustainable Fisheries,
National Marine Fisheries Service.
