50 CFR Part 17

[Docket No. FWS-R2-ES-2016-0132; 4500030115]

**Endangered and Threatened Wildlife and Plants; 90-Day Findings on Three Petitions;
Correction**

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Correction.

SUMMARY: On November 30, 2016, we, the U.S. Fish and Wildlife Service (Service), published a document in the **Federal Register** announcing 90-day findings on three petitions to list or reclassify wildlife or plants under the Endangered Species Act of 1973, as amended (Act). That document included a not-substantial finding for *Tetraneuris verdiensis* (Verde four-nerve daisy). In the finding, we mistakenly attributed the petition to list *Tetraneuris verdiensis* as endangered or threatened and to designate critical habitat for this plant to the Center for Biological Diversity; however Glenn Rink submitted that petition to us. With this document, we correct that error. If you sent a comment previously, you need not resend the comment.

DATES: Correction issued on [insert date of publication in the Federal Register]. To ensure that we will have adequate time to consider submitted information during the status reviews for the leopard and lesser prairie-chicken, we request that we receive information no later than January 30, 2017.

FOR FURTHER INFORMATION CONTACT: Regarding *Tetraneuris verdiensis*, contact Shaula Hedwall, 928-556-2118; shaula_hedwall@fws.gov. If you use a telecommunications device for the deaf, please call the Federal Relay Service at 800-877-8339.

SUPPLEMENTARY INFORMATION: In the **Federal Register** of November 30, 2016 (81 FR 86315), in FR Doc. 2016-28513, on page 86317, in the first column, under the heading **Evaluation of a Petition to List *Tetraneuris verdiensis* (Verde Four-nerve Daisy) as an Endangered or Threatened Species Under the Act**, and the subheading *Petition History*, remove the words “the Center for Biological Diversity” and add in their place the words “Glenn Rink”.

Dated: November 30, 2016

Tina A. Campbell,

Chief, Division of Policy, Performance, and Management Programs, U.S. Fish and Wildlife Service.
