SUMMARY: This notice announces actions taken by the FHWA that are final within the meaning of Section 1308 of the Moving Ahead for Progress in the 21st Century Act. The action relates to design refinements to West Approach Bridge South, the Montlake Lid, and other elements of the Montlake Interchange on State Route (SR) 520 in the City of Seattle, King County, State of Washington.

SUPPLEMENTARY INFORMATION: On September 7, 2011, FHWA published a "Notice of Final Federal Agency Actions on Proposed Highway in Washington" in the Federal Register at 76 FR 55459 for the SR 520, I-5 to Medina: Bridge Replacement and HOV Project. Notice is hereby given that, subsequent to the earlier FHWA notice, FHWA has taken final agency actions within the meaning of 23 U.S.C. 139(l)(1) by issuing a NEPA re-evaluation for the SR 520 SR 520, I-5 to Medina: Bridge Replacement and HOV Project: West Approach Bridge South and Montlake Lid Design (hereafter "re-evaluation"). The action(s) by FHWA and the laws under which such actions were taken, are described in the re-evaluation and the associated agency records. That information is available by contacting FHWA at the addresses provided above.

The project proposed to improve safety and mobility for people and goods across Lake Washington by replacing the SR 520 Portage Bay and Evergreen Point bridges and improve existing roadway between Interstate 5 (I-5) in Seattle and Evergreen Point Road in Medina spanning 5.2 miles. The Final Environmental Impact Statement (EIS) for the project was published in January 2011 and the Record of Decision (ROD) was issued in August 2011.

Since issuance of the FHWA ROD, the design has been refined for the West Approach Bridge South, Montlake Lid, and other project elements in the Montlake Interchange Area including changes to the path connections, changes to stormwater facilities, and changes to the design of the intersection at 24th Avenue East and East Lake Washington Boulevard. The re-evaluation considering these refinements was prepared in October 2016. It identifies and documents potential effects associated with these refinements. This notice only applies to the re-evaluation.

Information about the re-evaluation and associated records are available from FHWA and WSDOT at the addresses provided above and can be found at: <https://www.wsdot.wa.gov/Projects/SR520Bridge/Library/I5Medina.htm>.
