SUPPLEMENTARY INFORMATION:

A. Purpose

USA.gov and All Related Subdomains (<https://www.U.S.A.gov>) provides an account to a user that gives them control over their interactions with government agencies and how Government uses and accesses their personal information. Users have the option of creating a personal profile that can be reused across government to personalize interactions and streamline common tasks such as filling out forms. Government agencies can build applications that can request permission from the user to access their account and read their personal profile.

The information in the system is contributed voluntarily by the user and cannot be accessed by the Government without explicit consent of the user; information is not shared between government agencies, except when the user gives explicit consent to share his or her information, and as detailed in the USA.gov and All Related Subdomains System of Records Notice (SORN), published in the Federal Register at 81 FR 4664 on July 18, 2016.

The information collected is basic profile information, and may include: name, email address, home address, phone number, date of birth, gender, marital

status and basic demographic information such as whether the individual is married, a veteran, a small business owner, a parent or a student. Use of the system, and contribution of personal information, is completely voluntary.

B. Annual Reporting Burden
