Food and Nutrition Service

TITLE: Supplemental Nutrition Assistance Program Regulations, Part 275 – Quality Control

OMB CONTROL NUMBER: 0584-0303

SUMMARY OF COLLECTION: Section 16 of the Food and Nutrition Act of 2008 (the Act), provides the legislative basis for the operation of the Supplemental Nutrition Assistance Program (SNAP) Quality Control (QC) system. The Food and Nutrition Service (FNS), as administrator of the SNAP, requires each State agency to develop a sampling plan that demonstrates the integrity of its case selection procedures. The QC system is designed to measure each State agency's payment error rate based on a statistically valid sample of SNAP cases. The QC system contains procedures for resolving differences in review findings between State agencies and FNS (arbitration process). The QC system also contains procedures that provide relief for State agencies when a State agency can demonstrate that a part or all of an excessive error rate was due to an unusual event that had an uncontrollable impact on the State agency's payment error rate (good cause process). Additionally, State agencies are required to maintain case records for three years to ensure compliance with provisions of the Food and Nutrition Act of 2008.

NEED AND USE OF THE INFORMATION: The quality control information collection is necessary to meet the requirements of Section 16 of the Act, which requires USDA to establish a system that enhances payment accuracy and improves administration by determining payment error rates, liabilities and performance bonuses.
