Description:

Background

The OCC's retail forex rule (12 CFR part 48) allows national banks and Federal savings associations to offer retail foreign exchange transactions to its customers. In order to engage in these transactions, institutions must comply with various reporting, disclosure, and recordkeeping requirements included in that rule.

Reporting Requirements

The reporting requirements in § 48.4 state that, prior to initiating a retail forex business, a national bank or Federal savings association must provide the OCC with prior notice and obtain a written supervisory no-objection letter. In order to obtain a supervisory no-objection letter, a national bank or Federal savings association must have written policies, procedures, and risk measurement and management systems and controls in place to ensure that retail forex transactions are conducted in a safe and sound manner. The national bank or Federal savings

association also must provide other information required by the OCC, such as documentation of customer due diligence, new product approvals, and haircuts applied to noncash margins.

Disclosure Requirements

Under § 48.5, a national bank or Federal savings association must promptly provide the customer with a statement reflecting the financial result of the transactions and the name of the introducing broker to the account. The customer must provide specific written instructions on how the offsetting transaction should be applied.

Section 48.6 requires that a national bank or Federal savings association furnish a retail forex customer with a written disclosure before opening an account through which the customer will engage in retail forex transactions. It further requires a national bank or Federal savings association to secure an acknowledgment from the customer that the disclosure was received and understood. Finally, § 48.6 requires the disclosure by a national bank or Federal savings association of its fees and other charges and its profitable accounts ratio.

Section 48.10 requires a national bank or Federal savings association to issue monthly statements to each retail forex customer and to send confirmation statements following transactions.

Section 48.13(c) prohibits a national bank or Federal savings association engaging in retail forex transactions from knowingly handling the account of any related person of another retail forex counterparty unless it receives proper written authorization, promptly prepares a written record of the order, and transmits to the counterparty copies all statements and written records. Section 48.13(d) prohibits a related person of a national bank or Federal savings association engaging in forex transactions from having an account with another retail forex

counterparty unless it receives proper written authorization and copies of all statements and written records for such accounts are transmitted to the counterparty.

Section 48.15 requires a national bank or Federal savings association to provide a retail forex customer with 30 days prior notice of any assignment of any position or transfer of any account of the retail forex customer. It also requires a national bank or Federal savings association to which retail forex accounts or positions are assigned or transferred to provide the affected customers with risk disclosure statements and forms of acknowledgment and obtain the signed acknowledgments within 60 days.

The customer dispute resolution provisions in § 48.16 require certain endorsements, acknowledgments, and signatures. The section also requires that a national bank or Federal savings association, within 10 days after receipt of notice from the retail forex customer that the customer intends to submit a claim to arbitration, provide the customer with a list of persons qualified in the dispute resolution.

Policies and Procedures; Recordkeeping

Sections 48.7 and 48.13 require that a national bank or Federal savings association engaging in retail forex transactions keep full, complete, and systematic records and to establish and implement internal rules, procedures, and controls. Section 48.7 also requires that a national bank or Federal savings association keep account, financial ledger, transaction, and daily records, as well as memorandum orders, post-execution allocation of bunched orders, records regarding its ratio of profitable accounts, possible violations of law, records for noncash margin, and monthly statements and confirmations. Section 48.9 requires policies and procedures for haircuts for noncash margin collected under the rule's margin requirements and annual evaluations and modifications of the haircuts.
