AUTHORITY: 44 U.S.C. 3507(a)(1)(D).

SUPPLEMENTARY INFORMATION: This ICR seeks PRA authority for the American Apprenticeship Initiative (AAI) Grants information collection. The ETA requires grantees to submit Quarterly Progress Reports on enrolled apprentices in Registered Apprenticeship programs and/or pre-apprenticeship program participants, along with a narrative summary of the partnership progress and implementation measures identified by the grantee in the project work plan. These reports help ETA gauge the effects of the AAI grants, identify grantees and programs that could serve as useful models, and target technical assistance appropriately. The reports can also be used to inform future evaluations. American Competitiveness and Workforce Improvement Act of 1998 as Amended section 414(c)(7) authorizes this information collection. See 29 U.S.C. 3224a(7).

This proposed information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless it is approved by the OMB under the PRA and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information if the collection of information does not display a valid Control Number. See 5 CFR 1320.5(a) and 1320.6. For additional information, see the related notice published in the Federal Register on July 2, 2015 (80 FR 38234).

Interested parties are encouraged to send comments to the OMB, Office of Information and Regulatory Affairs at the address shown in the ADDRESSES section within thirty (30) days of publication of this notice in the Federal Register. In order to help ensure appropriate consideration, comments should mention OMB ICR Reference Number 201509-1205-007. The OMB is particularly interested in comments that:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and
