Certain Crystalline Silicon Photovoltaic Products from the People's Republic of China: Preliminary Results of Antidumping Duty Administrative Review and Preliminary Determination of No Shipments; 2014-2016

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce

SUMMARY: The Department of Commerce ("the Department") is conducting an administrative review of the antidumping duty order on crystalline silicon photovoltaic products ("solar products") from the People's Republic of China ("PRC"). The period of review ("POR") is July 31, 2014 through January 31, 2016. The administrative review covers one mandatory respondent, Changzhou Trina Solar Energy Co., Ltd./Trina Solar (Changzhou) Science & Technology Co., Ltd. ("Trina"), which we have preliminarily determined to treat as a single entity with the additional affiliated companies identified below. The Department preliminarily finds that Trina sold subject merchandise in the United States at prices below normal value ("NV") during the POR. Interested parties are invited to comment on these preliminary results.

DATES: Effective (Insert date of publication in the Federal Register.)

FOR FURTHER INFORMATION CONTACT: Jeff Pedersen, AD/CVD Operations, Office IV, Enforcement & Compliance, International Trade Administration, Department of Commerce, 1401 Constitution Avenue, NW, Washington, DC 20230; telephone: (202) 482-2769.

## SUPPLEMENTARY INFORMATION:

### Scope of the Order

The merchandise covered by the order is modules, laminates and/or panels consisting of crystalline silicon photovoltaic cells, whether or not partially or fully assembled into other products, including building integrated materials.<sup>1</sup> Merchandise covered by the order is currently classified in the Harmonized Tariff Schedule of the United States (HTSUS) under subheadings 8501.61.0000, 8507.20.8030, 8507.20.8040, 8507.20.8060, 8507.20.8090, 8541.40.6020, 8541.40.6030 and 8501.31.8000. These HTSUS subheadings are provided for convenience and customs purposes; the written description of the scope of this investigation is dispositive.

### Preliminary Determination of No Shipments

Based on an analysis of U.S. Customs and Border Protection (“CBP”) information, and comments provided by Shanghai JA Solar Technology Co., Ltd. (“JA Solar”), the Department preliminarily determines that JA Solar had no shipments during the POR. For additional information regarding this determination, see the Preliminary Decision Memorandum.

Consistent with an announced refinement to its assessment practice in non-market economy (“NME”) cases, the Department is not rescinding this review, in part, but intends to complete the review with respect to the companies for which it has preliminarily found no shipments and issue appropriate instructions to CBP based on the final results of the review.<sup>2</sup>

### Preliminary Affiliation and Single Entity Determination

---

<sup>1</sup> For a complete description of the scope of the order, see “Decision Memorandum for Preliminary Results of Antidumping Duty Administrative Review: Certain Crystalline Silicon Photovoltaic Products from the People’s Republic of China; 2014-2016” from James Maeder, Senior Director, Office I for Antidumping and Countervailing Operations, to Ronald K. Lorentzen, Deputy Assistant Secretary for Enforcement and Compliance, issued concurrently with and hereby adopted by this notice (“Preliminary Decision Memorandum”).

<sup>2</sup> See Non-Market Economy Antidumping Proceedings: Assessment of Antidumping Duties, 76 FR 65694, 65694-95 (October 24, 2011) and the “Assessment Rates” section, below.

Based on record evidence, the Department preliminarily finds that the mandatory respondent Changzhou Trina Solar Energy Co., Ltd./Trina Solar (Changzhou) Science & Technology Co., Ltd. is affiliated with the following four companies pursuant to section 771(33)(F) of the Act: (1) Yancheng Trina Solar Energy Technology Co., Ltd.; (2) Changzhou Trina Solar Yabang Energy Co., Ltd.; (3) Turpan Trina Solar Energy Co., Ltd.; and (4) Hubei Trina Solar Energy Co., Ltd. In addition, based on the information presented in this review, we preliminarily find that these six companies should be treated as a single entity pursuant to 19 CFR 351.401(f). For additional information, see the Preliminary Decision Memorandum and Trina Collapsing Memorandum.<sup>3</sup>

#### Use of Partial Facts Available (“FA”)

Section 776(a) of the Act provides that the Department shall apply FA if (1) necessary information is not on the record, or (2) an interested party or any other person (A) withholds information that has been requested, (B) fails to provide information within the deadlines established, or in the form and manner requested by the Department, subject to subsections (c)(1) and (e) of section 782 of the Act, (C) significantly impedes a proceeding, or (D) provides information that cannot be verified as provided by section 782(i) of the Act. Trina was unable to obtain FOPs from tollers of two inputs. Because this information is necessary and not available on the record, the Department is applying FA with respect to the FOPs in accordance with section 776(a)(1) of the Act.

#### Separate Rates

The Department preliminarily determines that information placed on the record by the mandatory respondent Trina, as well as by seven other separate rate applicants, demonstrates that

these companies are entitled to separate rate status. For additional information, see the Preliminary Decision Memorandum.

#### Rate for Separate-Rate Companies Not Individually Examined

The statute and the Department's regulations do not address the establishment of a rate to be applied to respondents not selected for individual examination when the Department limits its examination in an administrative review pursuant to section 777A(c)(2)(B) of the Act. Generally, the Department looks to section 735(c)(5) of the Act, which provides instructions for calculating the all-others rate in an investigation, for guidance when calculating the rate for respondents which we did not individually examine in an administrative review. Section 735(c)(5)(A) of the Act articulates a preference that we not calculate an all-others rate using rates which are zero, de minimis or based entirely on facts available. Accordingly, the Department's practice has been to average the weighted-average dumping margins for the examined companies, excluding rates that are zero, de minimis, or based entirely on facts available.<sup>4</sup> In these preliminary results, the Department has calculated a rate for the sole mandatory respondent, Trina that is not zero, de minimis, or based entirely on facts available. Accordingly, we assigned the weighted-average dumping margin for Trina to the non-individually examined companies to which we granted separate rates status. The separate rate companies are listed in the "Preliminary Results of Review" section of this notice. For additional information, see the Preliminary Decision Memorandum.

## Methodology

The Department conducted this administrative review in accordance with section 751(a)(1)(B) of the Act. The Department calculated constructed export prices in accordance with section 772 of the Act. Given that the PRC is a NME country, within the meaning of section 771(18) of the Act, the Department calculated NV in accordance with section 773(c) of the Act.

For a full description of the methodology underlying the preliminary results of this review, see the Preliminary Decision Memorandum. The Preliminary Decision Memorandum is a public document and is made available to the public via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System ("ACCESS"). ACCESS is available to registered users at <http://access.trade.gov>, and is available to all parties in the Central Records Unit, room B8024 of the main Department of Commerce building. In addition, a complete version of the Preliminary Decision Memorandum can be found at <http://enforcement.trade.gov/frn/>. The signed and the electronic versions of the Preliminary Decision Memorandum are identical in content.

### Assessment Rates

Upon issuance of the final results of this review, the Department will determine, and CBP shall assess, antidumping duties on all appropriate entries covered by this review.<sup>12</sup> The Department intends to issue assessment instructions to CBP 15 days after the publication date of the final results of this review. For each individually examined respondent in this review whose weighted-average dumping margin in the final results of review is not zero or de minimis (i.e., less than 0.5 percent), the Department intends to calculate importer-specific assessment rates, in accordance with 19 CFR 351.212(b)(1).<sup>13</sup> Where the respondent reported reliable entered values, the Department intends to calculate importer-specific ad valorem assessment rates by aggregating the amount of dumping calculated for all U.S. sales to the importer and dividing this amount by the total entered value of the sales to the importer.<sup>14</sup> Where the importer did not report entered values, the Department calculates an importer-specific assessment rates by dividing the amount of dumping for reviewed sales to the importer- by the total sales quantity associated with those transactions. In addition, the Department will calculate an estimated *ad valorem* importer-specific assessment rate to determine whether this rate is de minimis, however, the Department will direct CBP to assess importer-specific assessment rates based on the resulting per-unit rates.<sup>15</sup> Where an importer-specific ad valorem assessment rate is not zero or de minimis, the Department will instruct CBP to collect the appropriate duties at the time of liquidation. Where either the respondent's weighted average dumping margin is zero or de

minimis, or an importer-specific ad valorem assessment rate is zero or de minimis, the Department will instruct CBP to liquidate appropriate entries without regard to antidumping duties.<sup>16</sup>

Pursuant to Departmental practice, for entries that were not reported in the U.S. sales database submitted by an exporter individually examined during this review, the Department will instruct CBP to liquidate such entries at the rate for the PRC-wide entity.<sup>17</sup> Because no party requested a review of the PRC-wide entity, the entity is not under review and the entity's rate (i.e., 165.04 percent) is not subject to change.<sup>18</sup> Additionally, if the Department determines that an exporter under review had no shipments of the subject merchandise, any suspended entries that entered under that exporter's CBP case number will be liquidated at the rate for the PRC-wide entity.

In accordance with section 751(a)(2)(C) of the Act, the final results of this review shall be the basis for the assessment of antidumping duties on entries of merchandise covered by the final results of this review and for future deposits of estimated antidumping duties, where applicable.

#### Cash Deposit Requirements

The Department will instruct CBP to require a cash deposit for antidumping duties equal to the weighted-average amount by which the normal value exceeds U.S. price. The following cash deposit requirements will be effective for shipments of the subject merchandise from the PRC entered, or withdrawn from warehouse, for consumption on or after the publication date of this notice, as provided by section 751(a)(2)(C) of the Act: (1) for the exporters listed above, the

cash deposit rate will be equal to the weighted-average dumping margin established in the final results of this review (except, if the rate is de minimis (i.e., less than 0.5 percent), then the cash deposit rate will be zero for that exporter); (2) for previously investigated or reviewed PRC and non-PRC exporters not listed above that have separate rates, the cash deposit rate will continue to be the exporter-specific rate published for the most recently completed segment of this proceeding; (3) for all PRC exporters of subject merchandise which have not been found to be entitled to a separate rate, the cash deposit rate will be the rate for the PRC-wide entity (i.e., 165.04 percent<sup>19</sup>) and (4) for all non-PRC exporters of subject merchandise that have not received their own rate, the cash deposit rate will be the rate applicable to the PRC exporter that supplied that non-PRC exporter. These deposit requirements, when imposed, shall remain in effect until further notice.

#### Notification to Importers

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties and/or countervailing duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in the Department's presumption that reimbursement of antidumping duties and/or countervailing duties has occurred, and the subsequent assessment of double antidumping duties and/or increase the amount of antidumping duties by the amount of the countervailing duties.

#### Notification to Interested Parties

We are issuing and publishing these results in accordance with sections 751(a)(1) and 777(i)(1) of the Act and 19 CFR 351.213 and 351.221(b)(4).
