Agricultural Marketing Service

TITLE: Vegetable and Specialty Crops

OMB CONTROL NUMBER: 0581-0178

SUMMARY OF COLLECTION: The Agricultural Marketing Agreement Act of 1937 (7 U.S.C. 601-674; Act) was designed to permit regulation of certain agricultural commodities for the purpose of providing orderly marketing conditions in interstate commerce and improving returns to growers. The Orders and Agreements become effective only after public hearings are held in accordance with formal rulemaking procedures specified by the Act. The vegetable, and specialty crops marketing order programs provide an opportunity for producers in specified production areas to work together to solve marketing problems that cannot be solved individually.

NEED AND USE OF THE INFORMATION: Various forms are used to collect information necessary to effectively carry out the requirements of the Act and the Order/Agreement. This includes forms covering the selection process for industry members to serve on a marketing order's committee or board and ballots used in referenda to amend or continue marketing orders. Orders and Agreements can authorize the issuance of grade, size, quality, maturity, inspection requirements, pack and container requirements, and pooling and volume regulations. Information collected is used to formulate market policy, track current inventory and statistical data for market development programs, ensure compliance, and verify eligibility, monitor and record grower's information. If this information is not collected, it would eliminate data needed to keep the industry and the Secretary abreast of changes at the State and local level.
