SUPPLEMENTARY INFORMATION: The New York City Department of Transportation, the owner of the bridge, requested a temporary deviation from the normal operating schedule to facilitate application of protective coating to the bridge as well as maintenance of operating machinery. Vessels that can pass under the bridge without an opening

may do so at all times. The bridge will not be able to open for emergencies. There is no alternate route for vessels to pass.

The Coast Guard will also inform the users of the waterways through our Local and Broadcast Notices to Mariners of the change in operating schedule for the bridge so that vessel operators can arrange their transits to minimize any impact caused by the temporary deviation.

In accordance with 33 CFR 117.35(e), the drawbridge must return to its regular operating schedule immediately at the end of the effective period of this temporary deviation. This deviation from the operating regulations is authorized under 33 CFR 117.35.
