Federal Motor Carrier Safety Administration

[Docket No. FMCSA-2012-0032]

Commercial Driver's License Standards: Application for Renewal of Exemption; Daimler Trucks North America (Daimler)

AGENCY: Federal Motor Carrier Safety Administration (FMCSA), DOT.

ACTION: Notice of application for renewal of exemption; request for comments.

SUMMARY: FMCSA announces that Daimler Trucks North America (Daimler) has requested the renewal of an exemption from the requirement for a commercial driver's license (CDL) for one of its commercial motor vehicle (CMV) drivers, Sven Ennerst, who holds a German commercial license. The renewal would allow Mr. Ennerst to continue to test-drive Daimler vehicles on U.S. roads to better understand product requirements for these systems in "real world" environments, and verify results. Daimler believes that German regulations ensure that holders of a German commercial license will likely achieve a level of safety equal to or greater than that of drivers who hold a U.S. CDL.

DATES: Comments must be received on or before [INSERT DATE 30 DAYS AFTER PUBLICATION IN THE FEDERAL REGISTER.]

ADDRESSES: You may submit comments identified by Federal Docket Management System Number FMCSA-2012-0032 by any of the following methods:

SUPPLEMENTARY INFORMATION:

I. Public Participation and Request for Comments

FMCSA encourages you to participate by submitting comments and related materials.

Submitting Comments

If you submit a comment, please include the docket number for this notice (FMCSA-2012-0032), indicate the specific section of this document to which the comment applies, and provide a reason for suggestions or recommendations. You may submit your comments and material online or by fax, mail, or hand delivery, but please use only one of these means. FMCSA recommends that you include your name and a mailing address, an e-mail address, or a phone number in the body of your document so the Agency can contact you if it has questions regarding your submission.

To submit your comment online, go to www.regulations.gov and put the docket number, "FMCSA-2012-0032" in the "Keyword" box, and click "Search." When the new screen appears, click on "Comment Now!" button and type your comment into the text box in the following screen. Choose whether you are submitting your comment as an individual or on behalf of a third party and then submit. If you submit your comments by

mail or hand delivery, submit them in an unbound format, no larger than 8½ by 11 inches, suitable for copying and electronic filing. If you submit comments by mail and would like to know that they reached the facility, please enclose a stamped, self-addressed postcard or envelope. FMCSA will consider all comments and material received during the comment period and may grant or not grant this application based on your comments.

II. Legal Basis

FMCSA has authority under 49 U.S.C. 31136(e) and 31315 to grant exemptions from the Federal Motor Carrier Safety Regulations. FMCSA must publish a notice of each exemption request in the **Federal Register** (49 CFR 381.315(a)). The Agency must provide the public an opportunity to inspect the information relevant to the application, including any safety analyses that have been conducted. The Agency must also provide an opportunity for public comment on the request.

The Agency reviews the safety analyses and the public comments, and determines whether granting the exemption would likely achieve a level of safety equivalent to, or greater than, the level that would be achieved by the current regulation (49 CFR 381.305). The decision of the Agency must be published in the **Federal Register** (49 CFR 381.315(b)) with the reason for the grant or denial, and, if granted, the specific person or class of persons receiving the exemption, and the regulatory provision or provisions from which exemption is granted. The notice must also specify the effective period of the exemption (up to 5 years), and explain the terms and conditions of the exemption. The exemption may be renewed (49 CFR 381.300(b)).

III. Daimler Application for Exemption Renewal

Daimler has applied for a renewal of an exemption for one of its engineers from 49 CFR 383.23, which prescribes licensing requirements for drivers operating CMVs in interstate or intrastate commerce. This driver, Sven Ennerst, holds a valid German commercial license but is unable to obtain a CDL in any of the U.S. States due to residency requirements. A copy of the request for renewal, dated February 15, 2017, is in the docket identified at the beginning of this notice.

FMCSA granted a renewal of an exemption to Mr. Ennerst on July 22, 2015 (80 FR 45576). This exemption was effective July 22, 2015, and expires July 22, 2017. Detailed information about the qualifications and experience of Mr. Ennerst was provided by Daimler in its original application, a copy of which is in the docket referenced above. Renewal of the exemption will enable Mr. Ennerst to operate CMVs in interstate or intrastate commerce to support Daimler field tests designed to meet future vehicle safety and environmental requirements and to develop improved safety and emission technologies. According to Daimler, Mr. Ennerst will typically drive for no more than 6 hours per day for 2 consecutive days, and 10 percent of the test driving will be on two-lane State highways, while 90 percent will be on interstate highways. The driving will consist of no more than 200 miles per day, for a total of 400 miles during a two-day period on a quarterly basis. He will in all cases be accompanied by a holder of a U.S. CDL who is familiar with the routes to be traveled. Daimler requests that the exemption cover the maximum allowable duration of 5 years.

Daimler has explained in prior exemption requests that the German knowledge and skills tests and training program ensure that Daimler's drivers operating under the

exemption will achieve a level of safety that is equivalent to, or greater than, the level of safety obtained by complying with the U.S. requirement for a CDL.

IV. Method To Ensure an Equivalent or Greater Level of Safety

FMCSA has previously determined that the process for obtaining a German commercial license is comparable to, or as effective as, the requirements of part 383, and adequately assesses the driver's ability to operate CMVs in the U.S. Since 2012, FMCSA has granted Daimler drivers similar exemptions [May 25, 2012 (77 FR 31422); July 22, 2014 (79 FR 42626); March 27, 2015 (80 FR 16511); October 5, 2015 (80 FR 60220); July 12, 2016 (81 FR 45217); July 25, 2016 (81 FR 48496)].
