DEPARTMENT OF HOMELAND SECURITY

Coast Guard

33 CFR Part 165

[Docket Number USCG-2017-0011]

RIN 1625-AA00

Safety Zones; Coast Guard Sector Ohio Valley Annual and Recurring Safety Zones Update

AGENCY: Coast Guard, DHS.

ACTION: Final rule.

SUMMARY: The Coast Guard is amending and updating its safety zones regulations that take place in the Coast Guard Sector Ohio Valley area. This informs the public of regularly scheduled events that require additional safety measures through the establishing of a safety zone. Through this rulemaking the current list of recurring safety zones is updated with revisions, additional events, and removal of events that no longer take place in Sector Ohio Valley's AOR. When these safety zones are enforced, certain restrictions are placed on marine traffic in specified areas.

DATES: This rule is effective [INSERT DATE OF PUBLICATION IN THE FEDERAL REGISTER].

ADDRESSES: To view documents mentioned in this preamble as being available in the docket, go to <http://www.regulations.gov>, type USCG-2017-0011 in the "SEARCH" box and click "SEARCH." Click on Open Docket Folder on the line associated with this rule.

FOR FURTHER INFORMATION CONTACT: If you have questions on this rule, call or e-mail Petty Officer James Robinson, Sector Ohio Valley, U.S. Coast Guard; telephone (502) 779-5347, e-mail James.C.Robinson@uscg.mil.

SUPPLEMENTARY INFORMATION:

I. Table of Abbreviations

CFR	Code of Federal Regulations
DHS	Department of Homeland Security
FR	Federal Register
NPRM	Notice of proposed rulemaking
§	Section
U.S.C.	United States Code

II. Background Information and Regulatory History

The Captain of the Port Ohio Valley (COTP) is establishing, amending, and updating 33 CFR 165.801 to update our regulations for annual fireworks displays and other events in the Eighth Coast Guard District requiring safety zones with respect to those in Sector Ohio Valley. These events include air shows, fireworks displays, and other marine related events requiring a limited access area restricting vessel traffic for safety purposes.

On March 30, 2017, the Coast Guard published a notice of proposed rulemaking (NPRM) entitled, “Sector Ohio Valley Annual and Recurring Safety Zones Update” (82 FR 15666). There we stated why we issued the NPRM, and invited comments on our proposed regulatory action related to those recurring safety zones. The public comment period ended on May 1, 2017. During the comment period, we did not receive any comments.

We are issuing this rule, and under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making it effective less than 30 days after publication in the

Federal Register. It would be impracticable to provide a full 30-days notice because this rule must be effective June 03, 2017.

III. Legal Authority and Need for Rule

The Coast Guard's authority for establishing a safety zone is contained at 33 U.S.C. 1231. The Coast Guard is amending and updating the safety zones under 33 CFR part 165 to include the most up to date list of recurring safety zones for events held on or around navigable waters within the Sector Ohio Valley AOR. These events include fireworks displays, air shows, and others. The current list in 33 CFR 165.801 requires amending to provide new information on existing safety zones, include new safety zones expected to recur annually or biannually, and to remove safety zones that are no longer required. Issuing individual regulations for each new safety zone, amendment, or removal of an existing safety zone creates unnecessary administrative costs and burdens. This rulemaking reduces administrative overhead and provides the public with notice through publication in the **Federal Register** of the upcoming recurring safety zones.

IV. Discussion of Comments, Changes, and the Rule

As noted above, we received no comments on our NPRM published on March 30, 2017. There are no changes in the regulatory text of this rule from the proposed rule on the NPRM.

This rule amends and updates part 165 of 33 CFR by revising the current table for Sector Ohio Valley, and by adding 5 new recurring safety zones and removing 1 safety zone as desired in the NPRM. Vessels intending to transit the designated waterway through the safety zone will only be allowed to transit the area when the COTP, or a designated representative, has deemed it safe to do so or at the completion of the event.

V. Regulatory Analyses

We developed this rule after considering numerous statutes and Executive orders related to rulemaking. Below we summarize our analyses based on a number of these statutes and Executive orders, and we discuss First Amendment rights of protestors.

A. Regulatory Planning and Review

Executive Orders 12866 and 13563 direct agencies to assess the costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits. Executive Order 13563 emphasizes the importance of quantifying both costs and benefits, of reducing costs, of harmonizing rules, and of promoting flexibility. This rule has not been designated a “significant regulatory action,” under Executive Order 12866. Accordingly, it has not been reviewed by the Office of Management and Budget.

The Coast Guard expects the economic impact of this rule to be minimal, and therefore a full regulatory evaluation is unnecessary. This rule establishes safety zones limiting access to certain areas under 33 CFR part 165 within Sector Ohio Valley’s AOR. The effect of this rulemaking will not be significant because these safety zones are limited in scope and duration. Additionally, the public is given advance notification through local forms of notice, the **Federal Register**, and/or Notices of Enforcement and thus will be able to plan around the safety zones in advance. Broadcast Notices to Mariners and Local Notices to Mariners will also inform the community of these safety zones. Vessel traffic may request permission from the COTP or a designated representative to enter the restricted areas.

B. Impact on Small Entities

The Regulatory Flexibility Act of 1980, 5 U.S.C. 601–612, as amended, requires Federal agencies to consider the potential impact of regulations on small entities during rulemaking. The term “small entities” comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000. The Coast Guard received 0 comments from the Small Business Administration on this rulemaking. The Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities.

While some owners or operators of vessels intending to transit the safety zone may be small entities, for the reasons stated in section IV.A above this rule will not have a significant economic impact on any vessel owner or operator. Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Public Law 104-121), we want to assist small entities in understanding this rule. If the rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please contact the person listed in the FOR FURTHER INFORMATION CONTACT section.

Small businesses may send comments on the actions of Federal employees who enforce, or otherwise determine compliance with, Federal regulations to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The Ombudsman evaluates these actions annually and rates each agency’s responsiveness to small business. If you wish to comment on actions by employees of the Coast Guard, call 1-888-REG-FAIR (1-888-734-3247). The Coast Guard will not retaliate against small entities that question or complain about this

rule or any policy or action of the Coast Guard. The Coast Guard will not retaliate against small entities that question or complain about this rule or any policy or action of the Coast Guard.

C. Collection of Information

This rule will not call for a new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501-3520).

D. Federalism and Indian Tribal Governments

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government. We have analyzed this rule under that Order and have determined that it is consistent with the fundamental federalism principles and preemption requirements described in Executive Order 13132.

Also, this rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes. If you believe this rule has implications for federalism or Indian tribes, please contact the person listed in the FOR FURTHER INFORMATION CONTACT section.

E. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531-1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In

particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 (adjusted for inflation) or more in any one year. Though this rule will not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

F. Environment

We have analyzed this rule under Department of Homeland Security Management Directive 023-01 and Commandant Instruction M16475.ID, which guide the Coast Guard in complying with the National Environmental Policy Act of 1969(42 U.S.C. 4321-4370f), and have determined that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. This rule is categorically excluded under section 2.B.2, figure 2-1, paragraph 34(g) of the Instruction because it involves the establishment of safety zones. A Record of Environmental Consideration (REC) is available in the docket where indicated under ADDRESSES.

G. Protest Activities

The Coast Guard respects the First Amendment rights of protesters. Protesters are asked to contact the person listed in the FOR FURTHER INFORMATION CONTACT section to coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places or vessels.
