Abstract: This request is to conduct the 2017–18 National Postsecondary Student Aid Study, Administrative Collection (NPSAS:18-AC). This study is being conducted by the National Center for Education Statistics (NCES). NPSAS is a nationally representative study of how students and their families finance education beyond high school. The first NPSAS was implemented by NCES during the 1986–87 academic year to meet the need for national data about significant financial aid issues. Since 1987, NPSAS has been fielded every 3 to 4 years, most recently during the 2015–16 academic year (NPSAS:16). This submission is for NPSAS:18-AC, which departs from the design of previous NPSAS studies in three respects: it is anticipated to include state-representative estimates for undergraduate students overall and in public 2-year and public 4-year institutions; it will provide financial aid estimates 2-years earlier than how the studies were previously scheduled; and it will be the first NPSAS study without a student interview component. Future NPSAS collections will continue to include a student interview every four years (NPSAS:16, NPSAS:20, NPSAS:24) to yield nationally representative data. In alternating cycles, an Administrative Collection (NPSAS:18-AC, NPSAS:22-AC, and NPSAS:26-AC) will be conducted in which only administrative data from the Department’s data systems and institutional student records will be compiled to yield state representative data. This submission covers materials and procedures related to enrollment list collection, student record abstractions, and matching to administrative data files as part of the NPSAS:18-AC data collection.
