New ListServ for Waste Incidental to Reprocessing (WIR) Program Documents

AGENCY: Nuclear Regulatory Commission.

ACTION: Notice of process change; issuance.

SUMMARY: The U.S. Nuclear Regulatory Commission (NRC) is issuing a notice regarding a process change. The NRC is migrating to a ListServ, to distribute e-mails with links to publicly-available documents related to the Waste Incidental to Reprocessing (WIR) Program. The current method of using e-mail lists will be discontinued. If a member of the public does not currently receive such NRC e-mails and they would like to receive those NRC e-mails in the future, then they need to voluntarily sign-up for the WIR ListServ via a link to the NRC Public Web site. The instructions for signing up for the WIR ListServ are provided in this *Federal Register* notice.

You are responsible for ensuring that the ListServ has your current e-mail address.
