Delaware: Final Authorization of State Hazardous Waste Management Program Revisions

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: Delaware has applied to the United States Environmental Protection Agency (EPA) for final authorization of revisions to its hazardous waste program under the Resource Conservation and Recovery Act (RCRA). EPA proposes to grant final authorization to Delaware. In the Rules and Regulations section of this issue of the **Federal Register**, EPA is authorizing the revisions by a direct final rule. We have explained the reasons for this authorization in the preamble to the direct final rule. Unless EPA receives written comments that oppose this authorization during the comment period, the direct final rule will become effective on the date it establishes, and EPA will not take further action on this proposal.

DATES: Send your written comments by **[INSERT DATE 30 DAYS AFTER DATE OF PUBLICATION IN THE FEDERAL REGISTER]**.

ADDRESSES: Submit your comments, identified by Docket ID No. EPA-R03-RCRA-2014-0407, at <http://www.regulations.gov>. Follow the online instructions for submitting comments. Once submitted, comments cannot be edited or removed from Regulations.gov. The EPA may publish any comment received to its public docket. Do not submit electronically any information you consider to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Multimedia submissions (audio, video, etc.) must be accompanied by a written comment. The written comment is considered the official comment and should include discussion of all points you wish to make. The EPA will generally not consider comments or comment contents located outside of the primary submission (i.e. on the web, cloud, or other file sharing system). For additional submission methods, the full EPA public comment policy, information about CBI or multimedia submissions, and general guidance on making effective comments, please visit <http://www2.epa.gov/dockets/commenting-epa-dockets>.

SUPPLEMENTARY INFORMATION: In the “Rules and Regulations” section of this issue of the **Federal Register**, EPA is authorizing the revisions by a direct final rule. EPA did not make a proposal prior to the direct final rule because we believe this action is not controversial and do not expect comments that oppose it. We have explained the reasons for this authorization in the preamble of the direct final rule. Unless EPA receives adverse written comments that

oppose this authorization during the comment period, the direct final rule will become effective on the date it establishes, and EPA will not take further action on this proposal. If EPA receives comments that oppose this action, we will withdraw the Direct Final Rule, and it will not take effect. EPA will then respond to public comments in a later final rule based on this proposal and after consideration of all comments. You may not have another opportunity for comment. If you want to comment on this action, you must do so at this time. For additional information, please see the direct final rule published in the “Rules and Regulations” section of this issue of the **Federal Register**.

Dated: July 27, 2017.
