Agency Forms Undergoing Paperwork Reduction Act Review

The Centers for Disease Control and Prevention (CDC) has submitted the following information collection request to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act of 1995. The notice for the proposed information collection is published to obtain comments from the public and affected agencies.

Written comments and suggestions from the public and affected agencies concerning the proposed collection of information are encouraged. Your comments should address any of the following: (a) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) Evaluate the accuracy of the agencies estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (c) Enhance the quality, utility, and clarity of the information to be collected; (d) Minimize the burden of

the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses; and (e) Assess information collection costs.

To request additional information on the proposed project or to obtain a copy of the information collection plan and instruments, call (404) 639-7570 or send an email to omb@cdc.gov. Written comments and/or suggestions regarding the items contained in this notice should be directed to the Attention: CDC Desk Officer, Office of Management and Budget, Washington, DC 20503 or by fax to (202) 395-5806. Written comments should be received within 30 days of this notice.

Proposed Project

National Disease Surveillance Program II. Disease Summaries (OMB Control Number 0920-0004, Expires 10/31/2017) - Revision - National Center for Immunization and Respiratory Diseases, Centers for Disease Control and Prevention (CDC).

Background and Brief Description

CDC requests a three-year approval for the proposed revision of the "National Disease Surveillance Program II. Disease Summaries" information collection project.

As with the previous approval, these data are essential for measuring trends in diseases, evaluating the effectiveness of current preventive strategies, and determining the need to modify current preventive measures.

Diseases included in this surveillance program are Influenza Virus, Caliciviruses, Respiratory and Enteric Viruses, Foodborne Outbreaks, Waterborne Outbreaks and Enteroviruses.

Proposed revisions include form consolidation, minor revised language and rewording to improve clarity and readability of the data collection forms and the discontinuation of multiple previously approved influenza collection instruments, and the National Respiratory & Enteric Virus Surveillance System (NREVSS) Laboratory Assessment (CDC 55.83). CDC also requests the use of a new form, Suspect Respiratory Virus Patient Form, to assist health departments and clinical sites when they submit specimens to the CDC lab for viral pathogen identification. The data will enable rapid detection

and characterization of outbreaks of known pathogens, as well as potential newly emerging viral pathogens.

The frequency of response for each form will depend on the disease and surveillance need. This represents a 7,116 burden hour reduction since last approval. This reduction in burden hours is attributed primarily to the discontinuation of previously approved forms and formatting changes to existing forms. The total time burden estimate for all collection instruments in this revision request is 24,805.

There are no costs to the respondents other than their time.

Estimated Annualized Burden Hours

Type of Respondent	Form Name	No. of Respondents	No. of Responses per Respondent	Avg. Burden per Response (in hours)
Epidemiologist	NORS Foodborne Disease Transmission_ Person to Person Disease Transmission_ Animal Contact_ Environmental Contamination_ Unknown Transmission Mode 52.13	54	37	20/60
Epidemiologist	WHO COLLABORATING CENTER FOR INFLUENZA Influenza Virus Surveillance	53	52	10/60

Epidemiologist	U.S. WHO Collaborating Laboratories Influenza Testing Methods Assessment	113	1	10/60
Epidemiologist	US Outpatient Influenza-like Illness Surveillance Network (ILINet) Weekly CDC 55.20	1,800	52	10/60
Epidemiologist	US Outpatient Influenza-like Illness Surveillance Network (ILINet) Workfolder 55.20E	1800	1	5/60
Epidemiologist	Influenza-Associated Pediatric Mortality Case Report Form	57	2	30/60
Epidemiologist	Human Infection with Novel Influenza A Virus Case Report Form	57	2	30/60
Epidemiologist	Human Infection with Novel Influenza A Virus Severe Outcomes	57	1	90/60
Epidemiologist	Novel Influenza A Virus Case Screening Form	57	1	15/60
Epidemiologist	Antiviral Resistant Influenza Infection Case Report Form	57	3	30/60
Epidemiologist	National Respiratory & Enteric Virus Surveillance System (NREVSS) (55.83A, B, D) (electronic)	550	52	15/60
Epidemiologist	National Enterovirus Surveillance Report: (CDC 55.9) (electronic)	20	12	15/60
Epidemiologist	National Adenovirus Type Reporting System (NATRS)	13	4	15/60

Epidemiologist	Middle East Respiratory Syndrome (MERS) Patient Under Investigation (PUI) Short Form	57	3	25/60
Epidemiologist	Viral Gastroenteritis Outbreak Submission Form	20	5	5/60
Epidemiologist	NORS Waterborne Disease Transmission Form 52.12.	59	1	20/60
Epidemiologist	Influenza Virus (Electronic, Year Round), PHLIP_HL7 messaging Data Elements	57	52	5/60
Epidemiologist	Influenza virus (electronic, year round) (PHIN-MS)	3	52	5/60
Epidemiologist	Suspect Respiratory Virus Patient Form	10	5	30/60
