**AGENCY:** National Telecommunications and Information Administration, U.S. Department of Commerce.

**ACTION:** Final rule.

**SUMMARY:** The National Telecommunications and Information Administration (NTIA) is repealing its regulations governing the Public Telecommunications Facilities Program (PTFP). The PTFP was a competitive grant program that helped public broadcasting stations, state and local governments, Indian Tribes, and nonprofit organizations to construct public television and radio stations. As of Fiscal Year 2011, no funds have been available for PTFP grants. NTIA is repealing its regulations governing the PTFP because the regulations are unnecessary and obsolete.

**DATES:** This rule becomes effective on [insert date of publication in the Federal Register].

**SUPPLEMENTARY INFORMATION:**

## **I. Background**

The PTFP was a competitive grant program that supports the planning and construction of public telecommunications facilities.<sup>1</sup> The program helped public broadcasting stations, state and local governments, Indian Tribes, and nonprofit organizations to construct public television and radio stations. On November 8, 1996, NTIA issued a final rule entitled, “Public Telecommunications Facilities Program,” to carry out its statutory responsibility to administer the PTFP.<sup>2</sup> The regulations outlined the PTFP grant application requirements, the evaluation and selection process, post-award requirements, and the completion of PTFP grant projects. Between Fiscal Years 1994 and 2010, NTIA awarded between \$14 and \$42 million each year in PTFP grant awards to assist radio, television, digital television including digital conversion projects, and distance learning.

For the past seven years, no funds have been available for PTFP grants. In 2010, the Department of Commerce found that the majority of PTFP grants had assisted digital television conversion projects which had concluded, and that support for public broadcasters was available from other sources.<sup>3</sup> For these reasons, the Department of Commerce identified the PTFP as

<sup>3</sup> See Commerce, Justice, Science, and Related Agencies Appropriations for Fiscal Year 2011: Hearing before the Subcommittee on Commerce, Justice, Science, and Related Agencies of the Senate Committee on Appropriations, 111th Cong. 12, 22 (Mar. 4, 2010).

“outdated, ineffective, or duplicative.”<sup>4</sup> Accordingly, Congress appropriated no funds for PTFP in Fiscal Year 2011.<sup>5</sup>

As a result of the lack of funding, NTIA began the orderly shutdown of the PTFP thereafter. NTIA has not processed applications or awarded any additional grants under the PTFP since that time. NTIA has continued to monitor PTFP grants it awarded before Fiscal Year 2011 to ensure taxpayer funds have been utilized in the most responsible and efficient manner.

## **II. Comments**

On July 18, 2017, NTIA published a Notice of Proposed Rulemaking (NPRM) in the *Federal Register* seeking comment on its proposed repeal of regulations governing the PTFP. NTIA did not receive any comments in response to the NPRM.

## **III. Repeal of Regulations for the Public Telecommunications Facilities Program**

Congress authorized NTIA to establish regulations “as may be necessary to carry out” the PTFP.<sup>6</sup> Due to the lack of funding for seven years and no prospective funding for the PTFP, the regulations governing the PTFP are unnecessary and obsolete. If these regulations are not removed, it may suggest that the program is still active and may cause confusion regarding the status of the program. Accordingly, NTIA is repealing its regulations governing the PTFP.

In the 2014 appropriation, Congress rescinded \$8.5 million from the NTIA PTFP account. Consolidated Appropriations Act, 2014, Pub. L. NTIA received no comments on the certification, which remains unchanged.
