B. Submitting Comments

The NRC cautions you not to include identifying or contact information in comment submissions that you do not want to be publicly disclosed in your comment submission. All comment submissions are posted at <http://www.regulations.gov> and entered into ADAMS. Comment submissions are not routinely edited to remove identifying or contact information.

If you are requesting or aggregating comments from other persons for submission to the NRC, then you should inform those persons not to include identifying or contact information that they do not want to be publicly disclosed in their comment submission. Your request should state that comment submissions are not routinely edited to remove such information before making the comment submissions available to the public or entering the comment into ADAMS.

II. Background

In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35), the NRC is requesting public comment on its intention to request the OMB's approval for the information collection summarized below.

1. *The title of the information collection:* 10 CFR Part 9, "Public Records."
2. *OMB approval number:* 3150-0043.

3. *Type of submission:* Extension.
4. *The form number, if applicable:* NRC Form 509; NRC Form 507.
5. *How often the collection is required or requested:* On occasion.
6. *Who will be required or asked to respond:* FOIA requesters who have requests that require pre-payment or agree to pay for the processing of their FOIA requests.
7. *The estimated number of annual responses:* 2,490.
8. *The estimated number of annual respondents:* 2,490.
9. *The estimated number of hours needed annually to comply with the information collection requirement or request:* 1,111.
10. *Abstract:* The proposed information collection activity provides communication with FOIA requesters to have the opportunity to be notified about any fees to process their FOIA requests. Providing NRC Form 509 to a requester serves as notification of the processing fees as it relates to search, review, and duplication. Pursuant to NRC's regulations, 10 CFR part 9.40, when fees exceed \$25.00 the requester has the opportunity to re-scope their request. Additionally, in response to the FOIA Improvement Act of 2016, in accordance with 10 CFR part 9.39, the revised form notifies the requester that if the agency fails to comply with statutory time limits, the agency cannot charge the requester any fees (except in unusual circumstances). In the event that fees are required, the requester can verify their willingness to pay on this form, and must submit payment within ten working days of the receipt of the form. In addition, the NRC created Form 507 which allows the public to electronically submit FOIA requests from the FOIA website. Unlike the previous online FOIA request submission form, requesters can provide identification verification at the time the request is made, which shortens the processing time.

III. Specific Requests for Comments

The NRC is seeking comments that address the following questions:

1. Is the proposed collection of information necessary for the NRC to properly perform its functions? Does the information have practical utility?
2. Is the estimate of the burden of the information collection accurate?
3. Is there a way to enhance the quality, utility, and clarity of the information to be collected?
4. How can the burden of the information collection on respondents be minimized, including the use of automated collection techniques or other forms of information technology?

Dated at Rockville, Maryland, this 14th day of September, 2017.

For the Nuclear Regulatory Commission.

David Cullison,

NRC Clearance Officer,

Office of the Chief Information Officer.
